

Notes

1. Please clearly confirm the size of the product before you purchase it.
2. Please note that it is wall-mounted and cannot be used for ceiling. It can only be fixed to vertical solid bearing walls with screws. Please do not stand under the ladder when installing it.
3. Please note that it is best if only one person goes up and down the ladder at a time. Please do not overload bearing capacity.
4. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before ordering.
