Rafe Wall Clock
625789

34" Nickel finished metal wall clock with moving gears and a 4" deep contoured case.

Moving gears are incorporated into the clock's design, enhancing the overall dynamic while creating an attention-grabbing focal point.

Open dial features cast, nickel finished Roman numerals and satin nickel finished center.

Quartz, battery-operated movement requires one AA and four C batteries (not included).

The hour and minute hands have a charcoal finish with an open fret cut diamond style.

The moving gears are located in the center with an antique silver finish.
