If you encounter any problems in the installation process, you can scan the QR code to watch the teaching video or contact us by email, we will reply you in time.

NO CLIMBING FOR CHILDREN!

Do not allow children to climb on the furniture as this may result in tipping and serious personal injury. Assemble the furniture away from the reach of children.

SAFETY WARNINGS

⚠ **WARNING: HEAVY PARTS!**

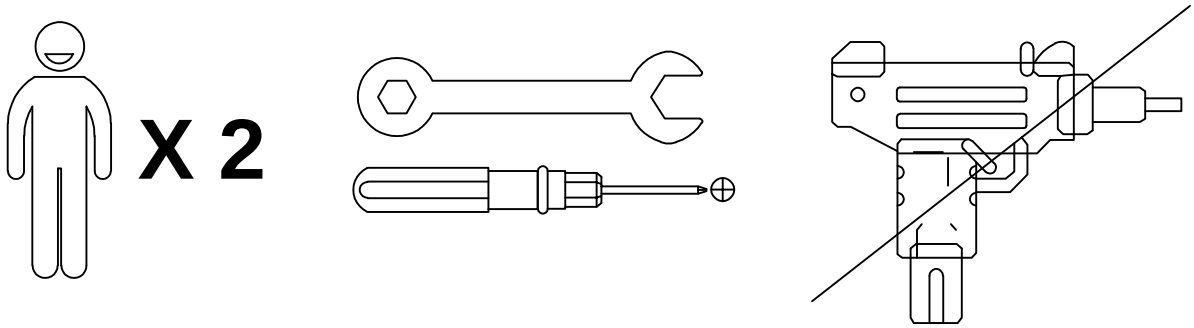

Lift with care. Use two people to move large panels. Dropping parts may cause injury or damage floors.

⚠ **WARNING: PROTECT SURFACES!**

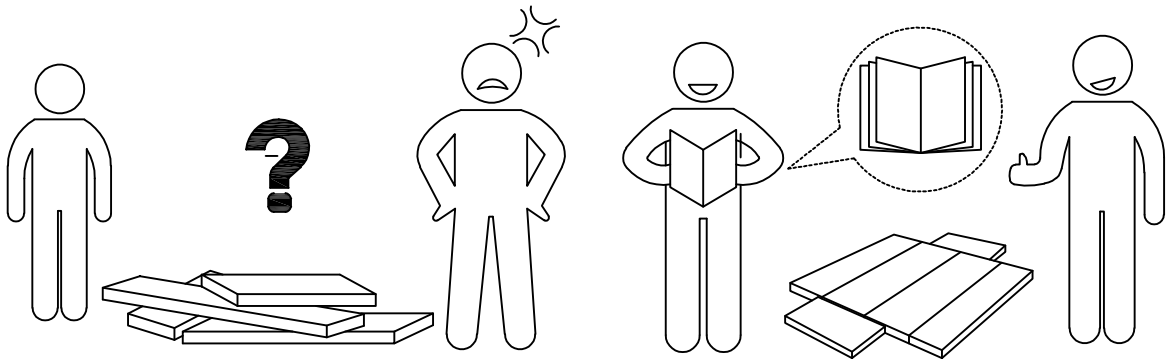

Assemble on soft, flat flooring (e.g.,carpet/blanket). Avoid dragging panels to prevent scratches.

⚠ **WARNING: ROUTINE CHECK!**

Regularly check all fittings and fastenings to ensure they are secure and to prevent accidents.

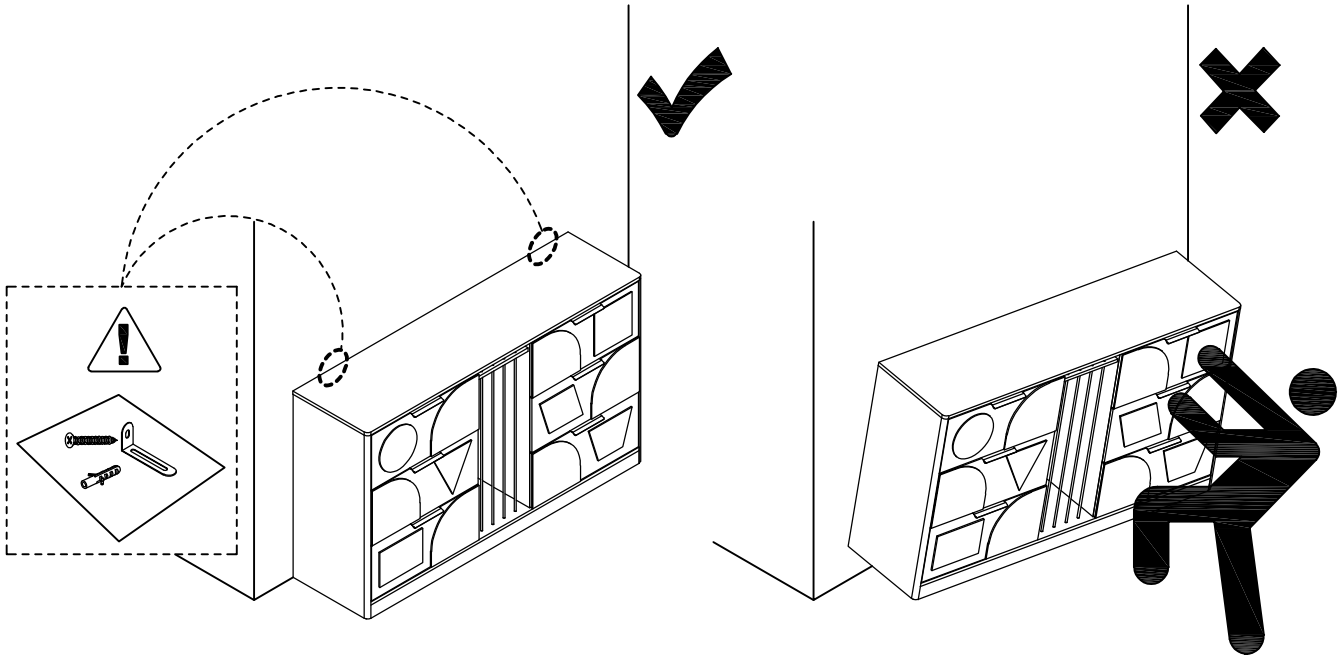

We recommend using hand tools for assembly. If an electric screwdriver is used, reduce power and torque to avoid damage to the product.

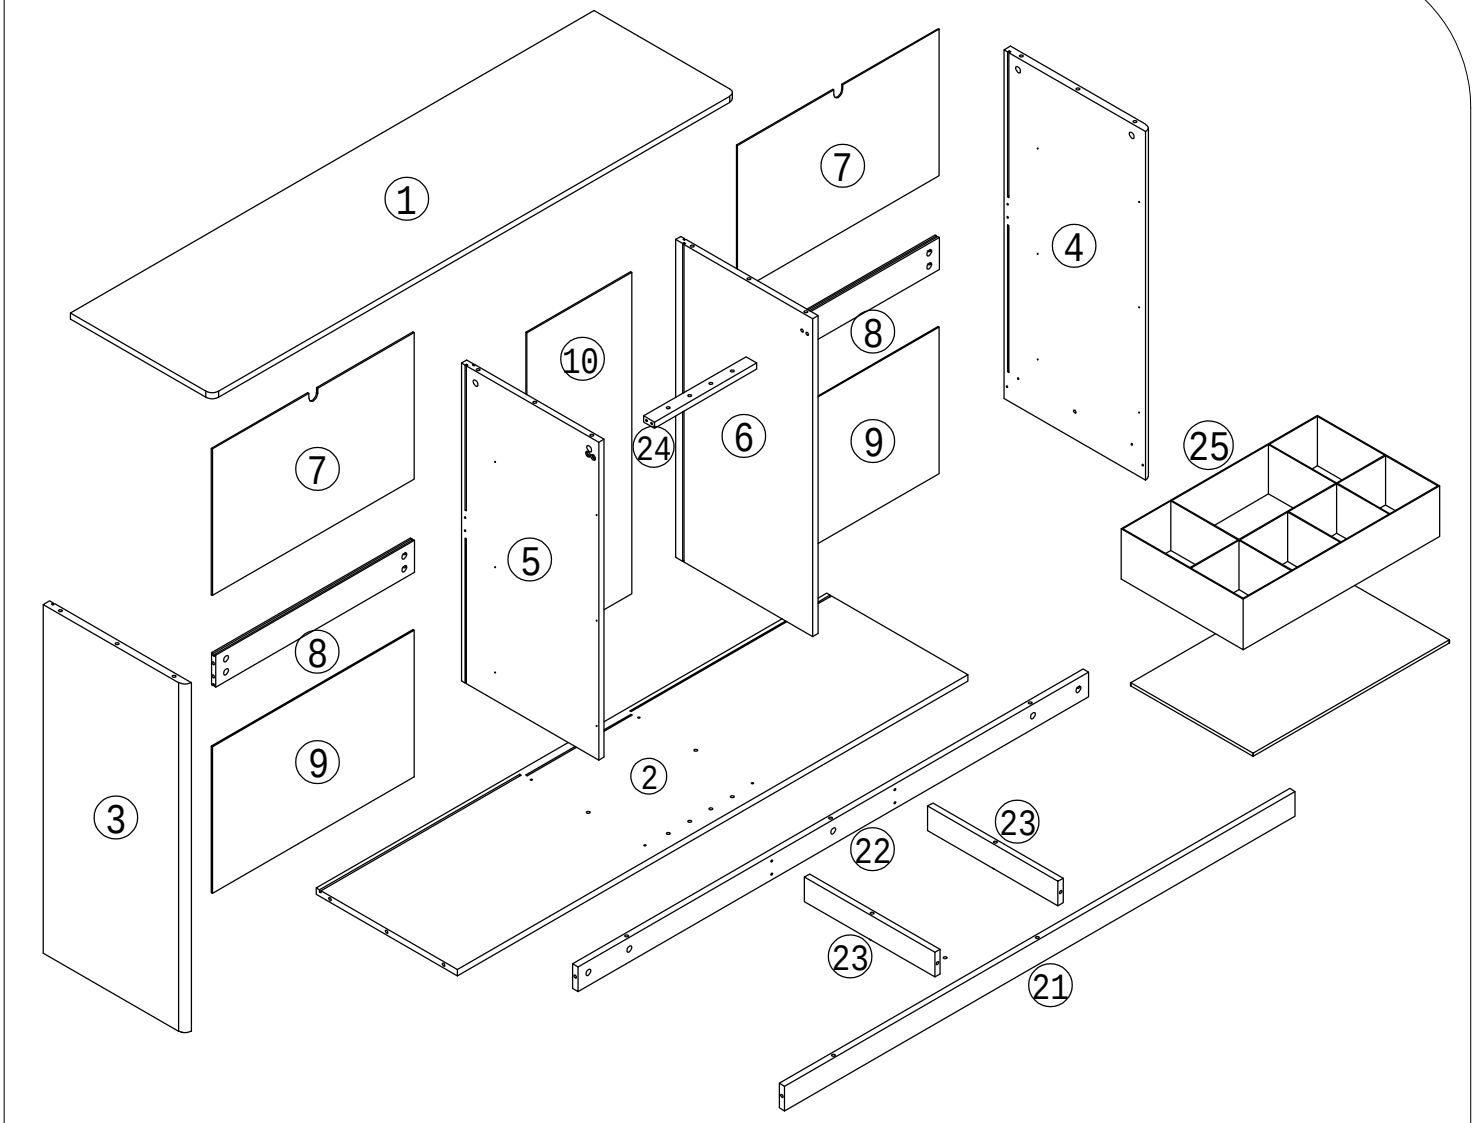

Read all instructions first. Skipping steps or incorrect assembly may cause instability, leading to tip-over hazard.

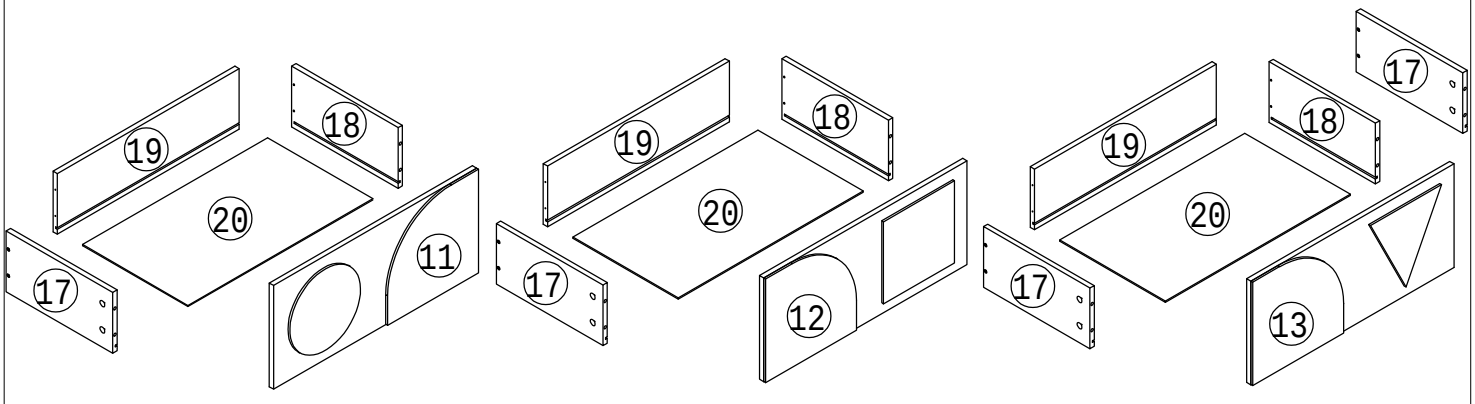

Install the Anti-Tip kit

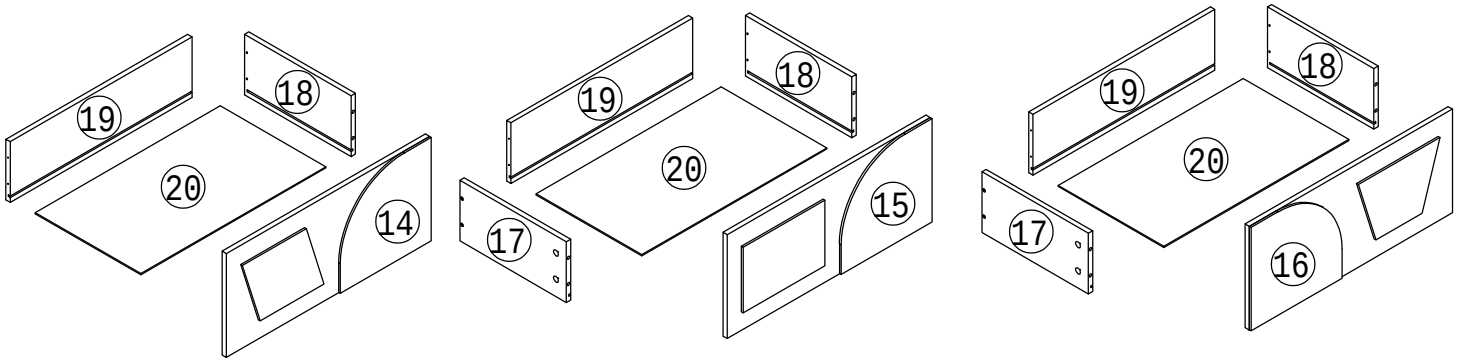

To ensure the safety of your family, please make sure to secure the drawers according to the instructions. Before each use, please ensure the drawers are firmly installed in the correct position; otherwise, the seller is not responsible for extra loses.

Note：Using the Anti-Tip kit can reduce the risk of tipping over, but can not eliminate it.
