1. Install only according to these instructions. Improper installation can create hazards.
2. Wear safety goggles and heavy-duty work gloves during installation.
3. Keep bystanders out of the area during installation.
4. Do not install when tired or when under the influence of alcohol, drugs or medication.
5. Weight capacity and other product capabilities apply to properly and completely installed product only.

Use Precautions

1. This product is not a toy. Do not allow children to play with or near this item.
2. Use as intended only.
3. Inspect before every use; do not use if parts are loose or damaged.
4. Lock trailer box before transporting.
5. Comply with all local, state, and federal regulations tregarding installation and use.
6. Be aware of dynamic loading! Sudden load movement may briefly create excess load causing product failure.
7. Never load people or animals into the Truck Tool Box. Keep children and spectators clear when loading, unloading and using this product.
8. Always lock the Truck Tool Box, when personal property or a load is inside the box. The box comes with two keys; store the keys in a safe, secure location when not be used.

Keep in mind that the warnings previously discussed cannot cover all possible conditions or situations that could occur. It is important that the person loading/unloading and using this product understand that common sense and caution are factors which cannot be built into this product, and must be supplied by the person(s) using this product.

Maintaining the Truck Tool Box

1. Frequently check the condition of the box. Make sure all components are in good condition. If the product becomes damaged through accident, or if any weld damage is noted, the product should be replaced.
2. Check to make sure that all hardware is tightly secured in place. There are no replacement parts offered for the Truck Tool Box.
