ASSEMBLY INSTRUCTIONS:

Carefully unpack all parts from the packaging and place them on a carpet/flat/smooth surface.

Be sure to remove all the packaging materials from the lamp.

***Do not plug into the electrical outlet when installing or replacing bulb.**

1. Remove the pre-installed screw from end of pole and insert the pole to the base
2. Secure the screw at the bottom of the base and ensure the screw has tightened the base and pole firmly.
3. Connect the male and female connector
4. Remove the pre-installed screw on the top of pole. Then insert the arms part to the pole and align the inner screw hole to the outer screw hole
5. Tighten the screw
6. Adjust these arms by the left and right or to desire position or as same as the right drawing
7. Secure the shade covers into the light
8. Connect the main power cord
