Assembly Steps

Overview

This Bench has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Bench parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

With assistance from your adult partner, Carefully place the Bench Seat(A) face down on a clean, non-marring surface.
Remove the non-woven bottom cover as shown in above picture.
Take out Legs(B) and hardware package. Open hardware package, and take out all hardware aside.

Step 2

Align the mounting positions on the Legs(B) to those on the underside of Bench Seat(A). Attach one Legs(B) to Bench Seat(A) using two Bolts(①), two Washers(②) and two Spring Washers(③) with Allen Key(④).

DO NOT tighten a Bolt fully and then move on towards another one.

Repeat the same process with the remaining three Legs.

With assistance from your adult partner, Turn the Bench right side up and test for wobbles. If there are no wobbles, gently, turn it upside down.

Now, in a sequential manner, tighten all Bolts until they are secure and firm.

Step 3

Step 3.1

Step 3.2

Step 3.1

Lay down the Bench facedown on a clean non-marring surface.

Seal the non-woven bottom cover back to the underside of the Bench.

Step 3.2

Stand the Bench up. Inspect and make sure all parts are connected, locked and fully secured into position.

Your Bench is ready for use.

This Bench can only be used on a flat, level surface.

What is Proposition 65?

Proposition 65 is a California law that requires warning labels on products that may contain one of more than 800-plus chemicals or ingredients that the California Office of Environmental Health Hazard Assessment (OEHHA) has deemed to cause cancer or other reproductive toxicity. Chemicals and elements on this list include wood dust, brass, and other everyday substances, which can be found in very common household items, such as: lamps, tableware, jewelry, crystal glasses, electric cords, beauty products, automobiles, and furniture.

Why Did I Find a Proposition 65 Warning on My Home Goods Product?

We include Proposition 65 warnings on all of our products because there is always a chance that one of the 800-plus common chemicals and ingredients listed under this law could potentially be on our furniture or packing materials. We risk large fines under this law, if we don't include this warning.

Should I worry?

We realize you may be worried finding this warning on our products, but we want to reassure you that the hazardous exposure limits for any of these chemicals have never been found on furniture products that we've shipped to our customers. Additionally, this warning label is very common and can be found on almost every piece of furniture sold in the state of California.

Just How Common Are Proposition 65 Warnings?

Proposition 65 warnings have become so common in California that it is hard to take a trip to a local bank, grocery store, or restaurant without finding at least one warning. In fact, even the Disney Land Resort has a Proposition 65 warning:
