## Assembly Steps

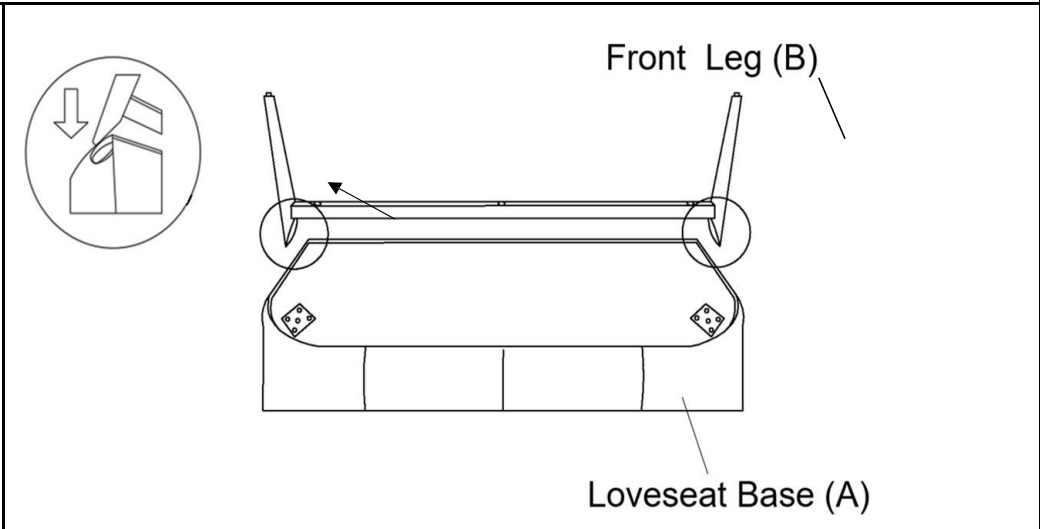

This Loveseat has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Loveseat parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

**Step 1**

Place the Loveseat Base(A), Front Leg(B) and Back Legs(C) on a clean, non-marring surface.

**Step 2**

Position Loveseat Base(A) on its back as shown. Insert Front Leg(B) into the outside of Loveseat Base(A), and align the three mounting positions as pictured above.

### Step 3

Loveseat Base (A)

Attach Front Leg(B) to Loveseat Base(A) using Bolts(④), Spring Washers(④), and Washers(③) with Allen Wrench(②).

**Tighten the Bolts fully in a sequential manner.**

### Step 4

Install the Back Leg(C) at the bottom of the Chair by placing one Gasket(⑤) on the threaded stem. Then insert threaded stem into the threaded mounting position at the corner of the Chair.

Tighten by turning the Leg clockwise.

**Repeat the same step to install the remaining Leg.**

**Note: The use of Gaskets are OPTIONAL and are especially useful to help alleviate slight wobbles. Some Legs may need more than one whilst some legs may not need any.**

Step 5

With help of an adult partner, stand the Loveseat up. Your Loveseat is ready for use.  
**This Loveseat can only be used on a flat, level surface.**
