

INSTRUCTION MANUAL

Dear Customer

Thank you for choosing us! We appreciate your business. Should you have **any questions** or encounter **any issues**, please don't hesitate to contact us. You can reach us via email or by **calling us**. Our team is dedicated to ensuring your complete **satisfaction** with your purchase. We value your feedback, as it helps future customers in making informed decisions. We encourage you to share your experience by leaving a brief product review on the platform where you made the purchase. Additionally, you can scan the **provided code for an installation video** to assist you further. Once again, thank you for choosing 4modernhome!

Best regards,

[Support Team]

Warning: If any special control devices are used with this fixture, follow the instructions carefully to assure full compliance with N.E.C. requirements. If there are any questions, contact a qualified electric contractor.

Warning: California Residents Proposition 65
This product contains lead, a chemical known to the state of California to cause cancer and birth defects or other reproductive harm. Do not place the product in your mouth. Wash your hands after handling this product.

Caution: It is highly recommended to get an electrician to install this light. Please make sure to turn the electricity off at the main circuit breaker before beginning installation. All glass is fragile. Use care when handling glass component(s) and/or lamp(s).

PARTS INCLUDED

Code	Part Description	QTY
A	Base	1
B	Tube	1
C	Tube	3
D	Adjustable tube	1
E	Socket	1
F	Harp	1
G	Shade	1
H	Finial	1

Applicable bulb type:
A19,A60,T45,ST58...(Not including bulb)

- 1.Unpack all parts from cartons carefully.
- 2.During assembly, the power cord should be prevented from twisting.
- 3.Pull stuff cord from tube (B), then tighten the Tube(B)into the base (A) until tight.
- 4.Pull stuff cord from Tube (B).Tighten the adjustable tube (D) into the Tube (C) and into the Tube (B) until tight. When need to adjust the lifting rod need to loosen the fixed parts first, adjust the height directly, and pull the wire to lower.
- 5.Place the Harp(F) onto the socket (E).
- 6.Place the shade(G) onto the Harp(F).
- 7.Tighten the Finial(H) into the Harp(F) until tight.

To better **protect the lampshade** from **damage** during transportation, it arrives **rolled**, and you may notice **wrinkles** or **creases** on the edges when you first put it up. Do not be alarmed; this is **not a permanent** issue or defect. Be prepared for the possibility that it may take **several days or weeks** for the lampshade to **regain its natural shape**.

First, assemble the shade by **attaching the sides together** using Velcro. Align the frame with the edge of the lampshades and secure it in place using fasteners. Repeat the process for the second frame. Ensure that the frames are **firmly attached** and the lampshades are **tightly stretched**.

1

Install the harps onto the lamp base by positioning them over the sockets. Next insert the bulb into the socket **and rotate it clockwise** until it is **securely in place**.(bulbs are not included).

2

3

adjustment

Once the lampshade is positioned correctly, screw the finial into place to hold it securely.(If the lamp shade is slanted,adjust the base of the finial to make it level).
