G+F+E+A/B/C

**STEP 4**

Fix the anti-collision poles (Parts X) at the four ends of the solar fountain pump (Part G), and place it in the basin.

## Warning

1. The metal support bracket is heavy; do not throw it carelessly to avoid injury.
2. Do not store corrosive liquids in the bowl to avoid damage or safety risks.
3. Ensure the product is securely installed with tightened screws to prevent falling or injuries. Avoid placing it on high railings.
