EN - Note: Tighten all screws completely after assembly.

DE - Hinweis: Ziehen Sie nach der Montage alle Schrauben vollständig an.

ES - Nota: Apretar completamente todos los tornillos después de montar.

FR - NB : Serrez les vis complètement après l'assemblage.

IT - Nota: Stringere completamente tutte le viti solo dopo l'assemblaggio.

Drywall or plaster with available wood stud:

- Mark the attachment point(s) with a pencil at the appropriate height and positioned over wood stud(s).
- Drill a pilot hole(s) with a diameter that matches the screw into the wood stud(s), at the height you marked with pencil.
- Secure the screw to the wood firmly as the picture shows.

Drywall without available wood stud:

- Mark the attachment point(s) with a pencil at the appropriate height.
- Drill a hole(s) with a diameter that matches the plastic anchor through the wall at the height you marked with pencil.
- Drive the plastic plug(s) into the hole(s), using a hammer if needed.
- Insert the screw into the plastic plug firmly as the picture shows. Do not over-tighten.

Masonry:

- Mark the attachment point(s) with a pencil at the appropriate height.
- Drill a hole(s) with a diameter and depth that match the plastic anchor through the wall at the height you marked with pencil.
- Drive the plastic plug(s) into the hole(s), using a hammer if needed.
- Insert the screw into the plastic plug firmly as the picture shows. Do not over-tighten.

If the screw can't be secured to the wall, please keep the product away from children.

If your wall material is not listed here, or if you have any questions, consult your local hardware store.

Paneles de yeso o yeso con montante de madera disponibles:

- Haga los puntos de fijación con un lápiz a la altura adecuada y coloque sobre los clavos de madera.
- A la altura que marca con un lápiz, taladre un orificio piloto en la clavija con un diámetro que coincida con el tornillo.
- Asegure el tornillo a la madera firmemente como se muestra en la foto.

Panel de yeso sin montante de madera disponible:

- Haga los puntos de fijación con un lápiz a la altura adecuada.
- Taladre un agujero con un diámetro que coincida con el ancla de plástico a la altura marcada con un lápiz en la pared.
- Introduzca el tapón de plástico en el orificio, utilizando un martillo si es necesario.
- Inserte el tornillo en el tapón de plástico firmemente como se muestra en la imagen. No apriete demasiado.

Albañilería:

- Haga los puntos de fijación con un lápiz a la altura adecuada.
- Taladre un agujero en la pared con un diámetro y profundidad que coincida con el ancla de plástico a la altura que marca.
- Introduzca el tapón de plástico en el orificio, utilizando un martillo si es necesario.
- Inserte el tornillo en el tapón de plástico firmemente como se muestra en la imagen. No apriete demasiado.

Si el tornillo no se puede fijar a la pared, mantenga el producto alejado de los niños.

Si el material de su pared no figura aquí, o si tiene alguna pregunta, consulte con su ferretería local.

Cloison sèche ou plâtre avec du bois:

- Marquez le/les repère(s) de fixation au crayon à la hauteur qui convient sur le/les montants de bois.
- Percez un/des avant-trou(s) d'un diamètre correspondant à celui de la vis sur le repère.
- Fixez fermement la vis dans le bois comme sur le dessin.

Cloison sèche (sans bois):

- Marquez le/les repère(s) de fixation au crayon à la hauteur qui convient.
- Percez un/des trou(s) d'un diamètre correspondant à celui de la cheville en plastique sur le repère.
- Introduisez la/les cheville(s) en plastique dans le/les trou(s), au besoin avec un marteau.
- Insérez la vis dans la cheville fermement, comme sur le dessin. Ne vissez pas trop loin.

Mur plein (béton, pierre...):

- Marquez le/les repère(s) de fixation au crayon à la hauteur qui convient.
- Percez un/des trou(s) d'un diamètre et d'une profondeur correspondant à la cheville en plastique sur le repère.
- Introduisez la/les cheville(s) en plastique dans le/les trou(s), au besoin avec un marteau.
- Insérez la vis dans la cheville fermement, comme sur le dessin. Ne vissez pas trop loin.

S'il n'est pas possible de fixer le meuble au mur avec une vis, tenir le produit éloigné des enfants.

Si le matériau de votre mur n'est pas listé ici ou si vous avez des questions, renseignez-vous auprès de votre magasin de bricolage.

Cartongesso o intonaco con perno di legno disponibile:

- Con una matita, segnare il punto di fissaggio nell'altezza appropriata e posizionarlo sui perni di legno.
- Forare un punto pilota con un diametro che si accordi con la vite nei perni di legno, nell'altezza segnalata in precedenza con la matita.
- Fissare saldamente la vite come mostra l'immagine.

Cartongesso senza perchio di legno disponibile:

- Segnala un punto di fissaggio con una matita nell'altezza appropriata.
- Forare un punto con un diametro che abbinati la plastica per il fissaggio nel muro, nell'altezza segnalata con la matita.
- Spingere il tappo di plastica attraverso il muro. Usare un martello se necessario.
- Inserire saldamente la vite nel tappo di plastica, come mostrato nell'immagine. Non stringere più del necessario.

Muratura:

- Segnala un punto di fissaggio con una matita nell'altezza appropriata.
- Forare un punto con diametro e profondità che si abbinino alla plastica per il fissaggio attraverso il muro, nell'altezza segnalata con la matita.
- Spingere il tappo di plastica nel muro, se necessario utilizzare un martello.
- Inserire saldamente la vite nel tappo di plastica, come mostrato nell'immagine. Non stringere più del necessario.

Se la vite non può essere fissata regolarmente al muro, tenere il prodotto lontano dai bambini.

Se il materiale del muro non è presente in questa lista, o in caso di altre domande, consultare il ferramenta della tua zona.

EN - WALL ANCHORING GUIDE: Using the guide above, identify your wall material and the appropriate steps to take for that wall material.

DE - Anleitung zur Wandverankerung: Ermitteln Sie anhand des folgenden Leitfadens Ihr Wandmaterial und führen Sie dann die entsprechenden Schritte für die Befestigung aus.

ES - Guía de anclaje a la pared : utilizando la guía a continuación, identifique el material de la pared y los pasos apropiados a seguir para ese material.

FR - Guide de fixation murale : à l'aide du guide plus haut, identifiez la nature du matériau et ainsi les étapes appropriées pour votre mur.

IT - Guida per il fissaggio a muro: Consultare la guida qui sopra, identificare il materiale della tua parete e i passaggi più appropriati alle proprie esigenze.
