STEP 1

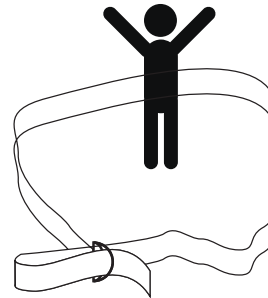

One end of the belt has 2 metal loops on it.

STEP 2

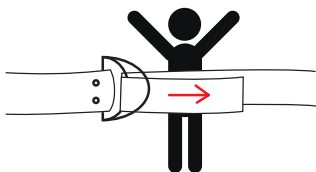

Put the belt around your waist. Run the non-loop end of the Belt through the 2 loops.

STEP 3

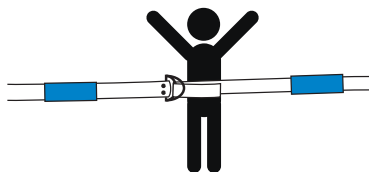

Bring the non-loop end back around, and run it between the 2 loops. This is how it stays secure.

STEP 4

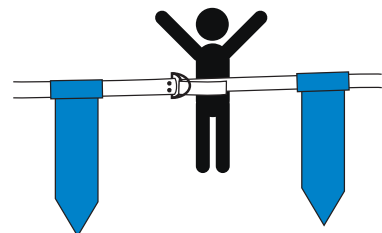

Tighten or loosen the belt so that it is comfortable.

STEP 5

Locate the two loops with Velcro of the corresponding color, red or blue. This is where the flags attach.

STEP 6

Attach the flags to the loops. Now you are ready to enjoy some football!
