

ASSEMBLY DRAWING

Specifications: Diameter $\Phi 600$ mm

Light source: LED Unit

Assembly sketch

Maintenance method

1. This lamp is designed for use with 220V, 50Hz electrical supply.
2. Please wear protective gloves during installation.
3. Always disconnect the power supply before cleaning.
4. Do not install this lamp on a wet or damp ceiling.
5. Please strictly follow the factory-provided installation instructions.

Points to note

After installation, lamps and lanterns must not be exposed to acidic chemical solvents, as this will cause severe damage to their surfaces.

Installation instructions

Install parts in the order specified in the assembly diagram.
