

ASSEMBLY AND INSTALLATION INSTRUCTIONS

Model:CA2692-MP-VC

WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER WHILE INSTALLING OR SERVICING THIS FIXTURE

NOTES:1.Before installing, consult local electrical codes for wiring and grounding requirements.
2.READ AND SAVE THESE INSTRUCTIONS.

- 1.Install the base (J) using four anchors (K) and four wooden screws (I).
- 2.First, unscrew the four decorative nuts (G) to separate the lamp body (D) from the lamp base (E),Install the E26 bulb (bulb is not included), and then reassemble it.
- 3.Screw the hanging ring (A) and the rubber pad (B) onto the threaded rod (C) of the lamp body (D).
- 4.Pull out the wires and grounding wire from the outlet box. Make wire connections using the wire nuts, as follow:
 - Connect the hot wire(usually black insulation)from the fixture to the black wire from the power source.
 - Connect the neutral wire(usually white insulation)from the fixture to the white wire from the power source.
 - Attach the fixture grounding wire (usually green insulation or bare wire)to the mounting strap with the green grounding screw.Then connect it to the house grounding wire with the wire nut. Carefully put the wires back into the outlet box.
- 5.Insert the lamp base (E) into the base (J) and secure it with three screws (F).

Turn on the power at fuse or circuit box.
