⚠ WARNING

Failure to follow these warnings and the instructions could result in death or serious injury.

SUFFOCATION HAZARD
Babies have suffocated:

- **On** pillows, comforters, and extra padding
- **In** gaps between a wrong-size mattress, or extra padding and product sides
- **NEVER** add soft bedding or padding.
- **Use ONLY** mattress provided by manufacturer.

- Always place baby on back to sleep to reduce the risk of SIDS and suffocation.
- Always check that the bassinet is securely locked on the base/stand by pulling upwards on the bassinet bed.
- If a sheet is used with the mattress, use only the one provided by the product manufacturer or one specifically designed to fit the dimension of the product mattress.

FALL HAZARD—To help prevent falls,

- Do not use this product when the infant begins to push up on hands and knees or Has reached 33lbs(15KG), whichever comes first.
- Strings can cause strangulation! Do not place items with a string around a child's neck, such as hood strings or pacifier cords. Do not suspend strings over a product or attach strings to toys.
- Do not use if any part of the bassinet/cradle is broken, torn, or missing.

⚠WARNING

•Keep instructions for future use.

⚠WARNING

•Entrapment Hazard - To prevent death from entrapment, beside sleeper must be properly secured to adult bed using the attachment system.
(1)There must be no more than ½ in.(13mm) gap between beside sleeper and adult bed.
(2)Check tightness before each use by pulling beside sleeper in a direction away from adult bed.
(3)If gap exceeds ½ in.(13mm). DO NOT use product. Do not fill the gap with pillows, blankets or other items that are suffocation hazards.

⚠WARNING

•Always use ALL required parts for each use mode. Check instruction manual for a list of required parts. Periodically check product for loose, damaged, or missing parts.

⚠WARNING

•Always read and follow assembly instructions for each product use mode (bedside sleeper, bassinet).

⚠WARNING

•To avoid death from the infant's neck being caught on the top rail on the side that is next to the adult bed, the top rail must be no higher than the adult bed mattress.

⚠WARNING

•Assemble product according to manufacturer's instructions for ANY use mode bedside sleeper as well as the bassinet modes.

⚠WARNING

•Read all instructions before assembling and using the product

⚠WARNING

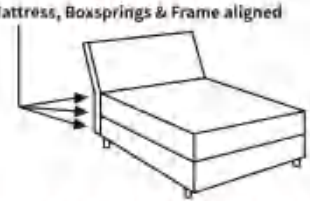

•A bedside sleeper is designed to provide a sleeping area for an infant until he or she begins to push up on hands and knees or approximately 5 months of age. Move your child to another sleeping product when your child reaches this stage.

⚠WARNING

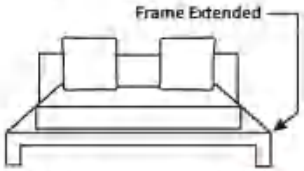

- The attachment system must always be used in bedside sleeper mode.
- Only the bedside bed mode can put down the side bezel.

⚠WARNING

- This bedside sleeper is designed for use only with adult beds that are between 22.44 and 27.56 inches(570mm to 700mm) from floor to top of adult mattress.

ACCEPTABLE BED FRAME IN-LINE

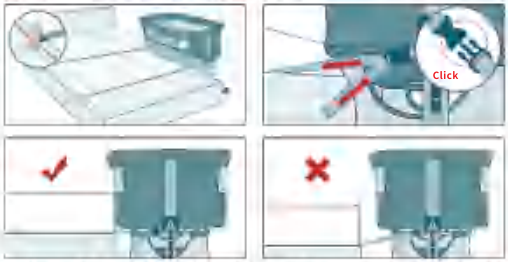

UNACCEPTABLE BED, MATTRESS, BOXSPRING & FRAME NOT IN-LINE

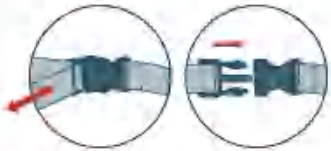

- DO NOT use bedside sleeper if any parts are missing, damaged, or broken.Contact EWAYBY for replacement parts and instructional literature if needed. DO NOT substitute parts.
- The types of adult beds (BELOW FIG.) with which the bedside sleeper CAN OR CANNOT be used.

⚠WARNING

- The attachment system must ALWAYS be used in bedside sleeper mode. See the manual for details.
