

Assembly Instruction

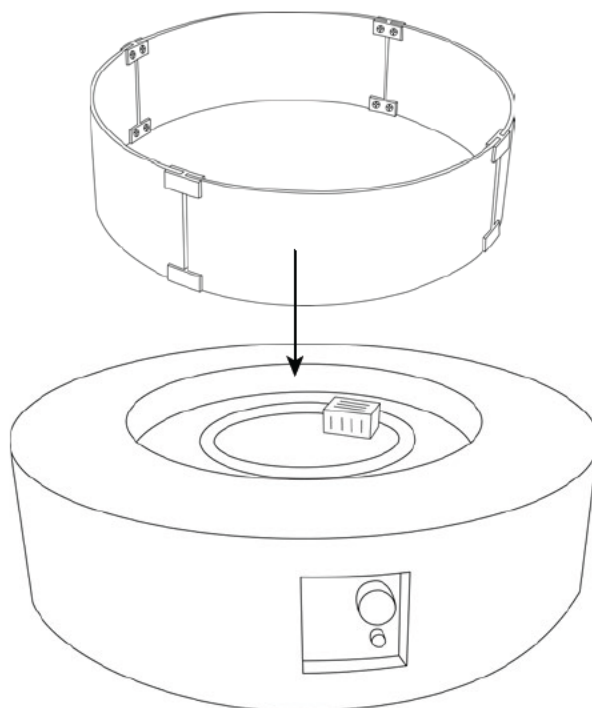

1 Assemble the glass

- Firstly, unscrew all preassembled screws on the glass clamps. Then, assemble one glass panel to **the other** glass panel with the glass clamps one by one as shown below.
Notice: Please loosen the space between each piece of glass properly, and don't clamp it too tightly.

2 Place the glass

- Place the protective glass assembled in step 1 on the top of the fire table body .

! DANGER
