Freestanding Storage Cabinet / Armoire de rangement autoportante

Please keep for future reference
s' il vous plaît garder pour référence future

WARNING

CSU

This product is NOT a Clothing Storage Unit (CSU).
DO NOT use it for clothing storage.
Improper use may cause furniture tipover.

Important - Please read these instructions fully before starting assembly
Important - veuillez lire ces instructions complètement avant de commencer l' assemblage

Safety and Care Advice

Important – Please read these instructions fully before starting assembly

• Check you have all the components and tools listed on the following pages.

• Remove all fittings from the plastic bags and separate them into their groups.

• Keep children and animals away from the work area, small parts could choke if swallowed.

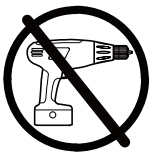

• Make sure you have enough space to layout the parts before starting.

• During assembly do not stand or put weight on the product, this could cause damage.

• Assemble the item as close to its final position (in the same room) as possible.

• Assemble on a soft level surface to avoid damaging the unit or your floor.

• Parts of the assembly will be easier with 2 people.

• To reduce the likelihood of damaging your product please ensure that your power drill is set on a low torque setting.

Care and maintenance

• Only clean using a damp cloth and mild detergent, do no use bleach or abrasive cleaners.

• From time to time check that there are no loose screws on this unit.

• This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Handy Hints

• Assemble all parts and bolts loosely during assembly, only once the product is complete should you fully tighten the bolts

• Regularly check and ensure That all bolts and fittings are **tightened properly.**

Tournez la femelle camlock Dans le sens horaire avec un Tournevis.
Vous devriez sentir un clic Lorsque le camlock est Verrouillé en place.
Le j oint est maintenant sécurisé.

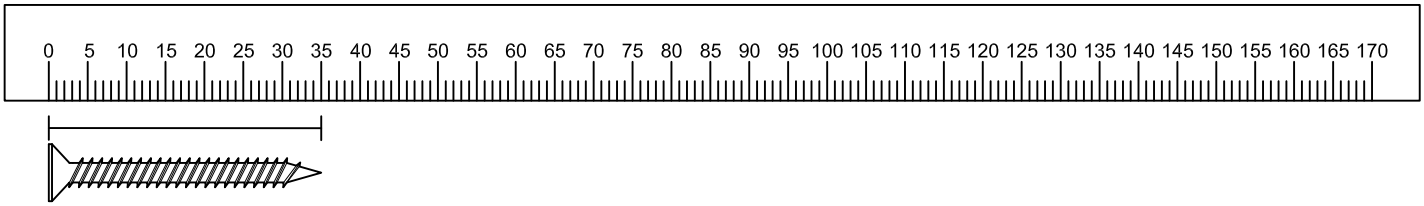

Tools required / Outils nécessaires

Screwdrivers can be converted to Phillips and Slotted.
Les tournevis peuvent être convertis en Phillips et Slotted.

Ruler -Use this ruler to help correctly identify the screws
Règle - Utilisez cette règle pour aider à identifier correctement les vis

The screws length is measured from the head to the point (35mm screw shown)
La longueur de la vis est mesurée de la tête à la pointe (la vis de 35 mm est représentée)

WARNING:Risk of Shatter Associated with Glass Furniture

Please note that in rare instances,glass furniture that is damaged by chips or scratches may break seemingly of its own accord.Damage to the glass (notalwaysvisible) can get worse overtime until it reaches a critical point when it may shatter,in the event of damage, this product is designed to shatter into lots of small granular pieces rather than large shards This is a safety feature to reduce the risk of injury.

To reduce the risk of damage,we recommend the following.During assembly do not lay the glass directly onto hard or rough surfaces. Lay the glass on a blanket or cardboard.

When lifting or moving the product,ask for someone to lend a hand.

Trying to move a product on your own can lead to accidents.

Do not use the furniture if any parts are missing or broken.

Do not place very hot or very cold items directly on the glass surface,we recommend using a trivet. Extreme temperature differences over small areas can cause damage,which could in turn lead to shattering.

Do not sit or stand on the glass surface.

Do not strike the glass with hard or pointed items,or use the glass as a chopping surface.

Do not drag rough or heavy objects over the top of the glass

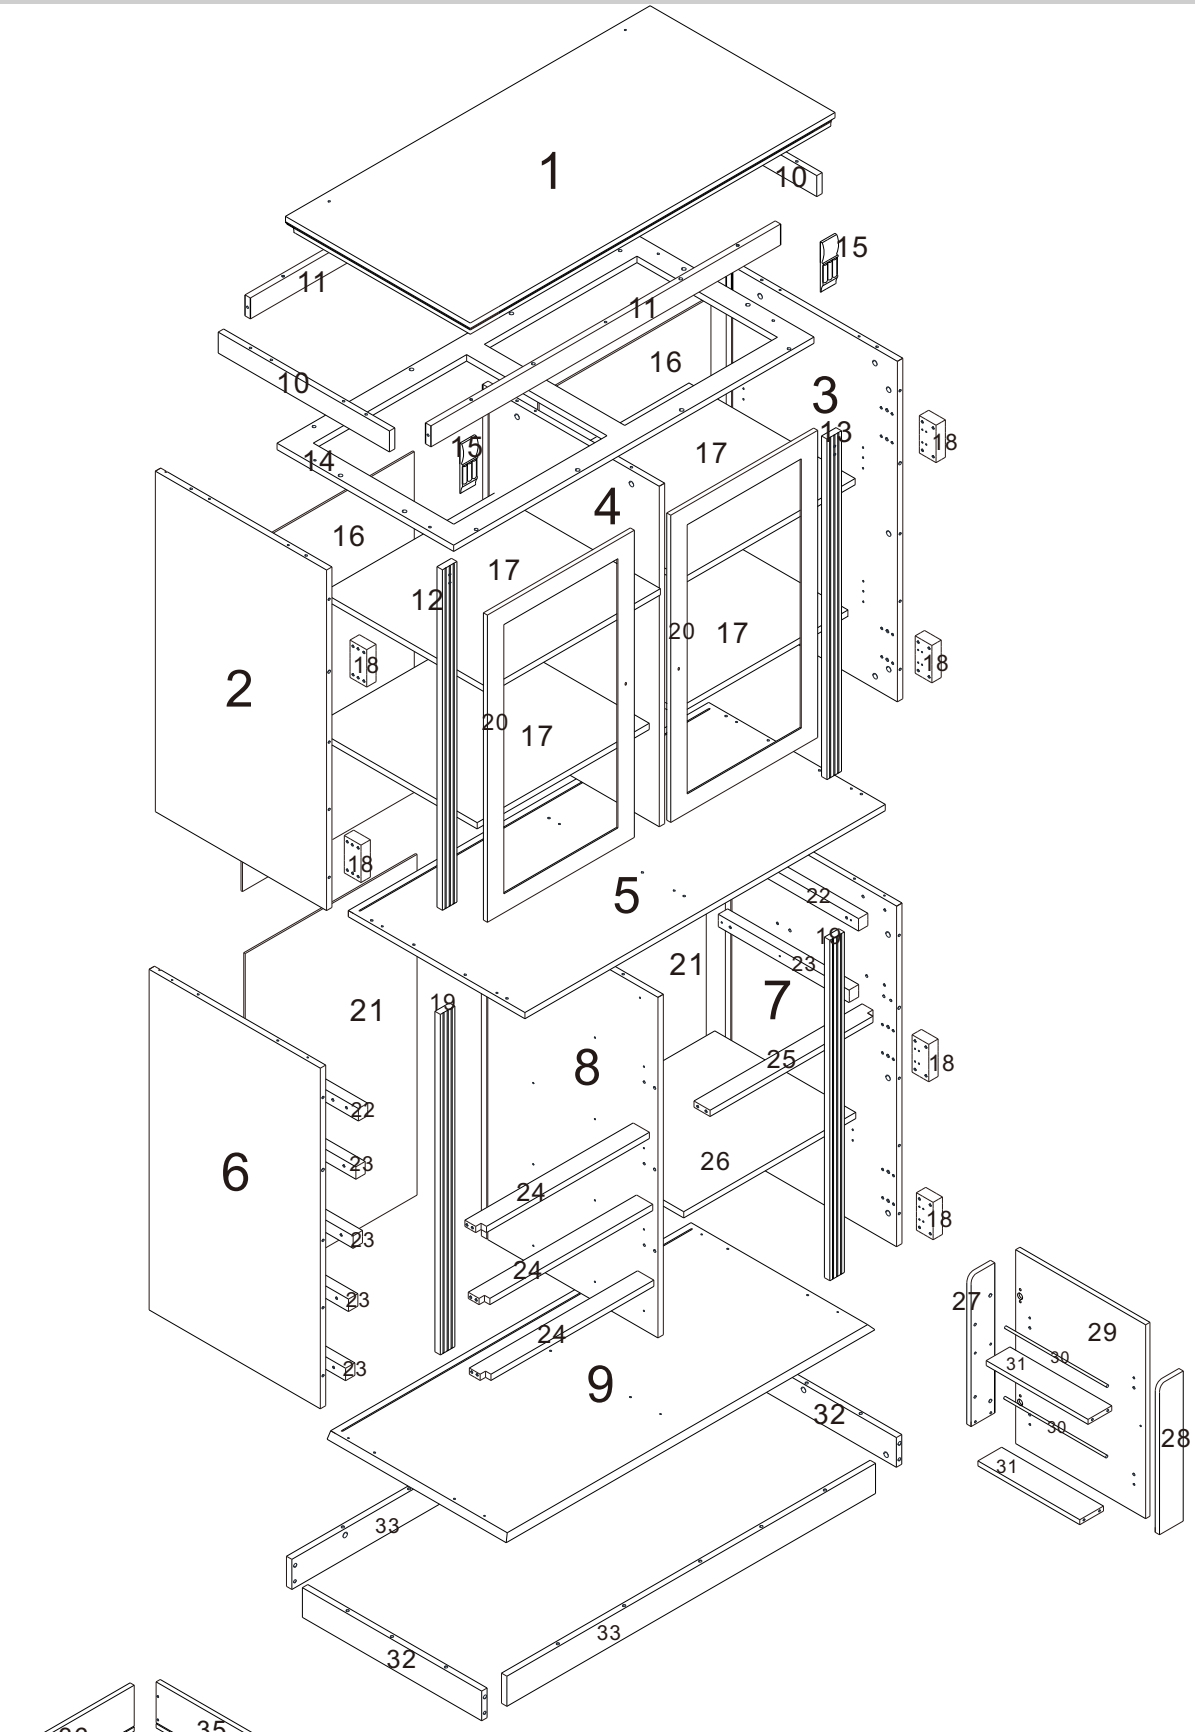

ATTENTION: Risque d'éclatement associé aux meubles en verre

Veuillez noter que, dans de rares cas, un meuble en verre endommagé par des éclats ou des rayures peut se briser apparemment de lui-même. Les dommages sur le verre (pas toujours visibles) peuvent s'aggraver avec le temps jusqu'à atteindre un point critique où il peut éclater. En cas de dommage, ce produit est conçu pour se briser en de nombreux petits fragments granulaires plutôt qu'en grands éclats coupants. Il s'agit d'une fonction de sécurité visant à réduire le risque de blessure.

Pour réduire le risque d'endommagement, nous recommandons ce qui suit :

- Lors de l'assemblage, ne posez pas le verre directement sur des surfaces dures ou rugueuses. Posez-le sur une couverture ou du carton.
- Lors du soulèvement ou du déplacement du produit, demandez à quelqu'un de vous aider. Essayer de déplacer un produit seul peut entraîner des accidents.
- N'utilisez pas le meuble si des pièces manquent ou sont cassées.
- Ne placez pas d'articles très chauds ou très froids directement sur la surface en verre; nous recommandons d'utiliser un dessous-de-plat. Des différences de température extrêmes sur de petites surfaces peuvent causer des dommages, ce qui pourrait à son tour entraîner un éclatement.
- Ne vous asseyez pas et ne vous tenez pas debout sur la surface en verre.
- Ne frappez pas le verre avec des objets durs ou pointus, et ne l'utilisez pas comme planche à découper.
- Ne traînez pas d'objets rugueux ou lourds sur le dessus du verre.
