Application

It is suitable for flat bathtubs, used for dust prevention and maintaining water temperature. It can be used at salons, hotels, or homes. Both adults and children can use it.

Notes

1. Please do not use chlorine-containing detergent to clean this product.
2. Please note that as the connecting accessories of the product are made of soft rubber, there may be some extension in length.
3. Please do not sit on the bathtub cover or place heavy objects.
4. When taking a bath, the skin outside the bathtub can be covered with a large towel, or a small spoon (both not included) can be used to continuously shower the upper body to avoid catching a cold.
4. Please note that irregular-shaped bathtubs may not be suitable.
5. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement. Please make sure you do not mind before you order.
