Notes

1. Please read the operating manual completely before use. And pay particular attention to the safety instructions included.
2. Please note that our mini electric stove only includes one electric stove, not tableware.
3. After receiving the product, please carefully check whether there are cracks on the surface of the machine. Please use a flat-bottomed high-temperature cooker. Please turn off the power in time after the water is boiled, and turn the knob counterclockwise to turn it off.
4. The whole product cannot be washed with water. Otherwise, it will enter the product and damage it. And please wait until the machine is completely cooled before cleaning it with a cleaning cloth or sponge. We do not recommend using steel wire balls for cleaning.
5. During or after use, the surface and shell of the furnace will be very hot and there will be similar open flames, so please do not touch or cover anything on the product to avoid scalding.
6. Please do not heat the kettle or pan without water, nor heat the electric furnace without a kettle or pan, otherwise the product may be damaged.
7. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement. Please make sure you do not mind before you order.
