ASSEMBLY INSTRUCTIONS

- 1 Take out Legs A/Band C and hardware from the chair seat bottom.

- 2 Lay the chair Seat D upside down on a soft, flat surface to avoid scratches.
Use the provided hardware to secure each leg: insert one bolt (H1) through a flat washer (H2), then tighten it into the pre-drilled holes using the hex key (T1). Repeat this process for all four legs, using a total of 8 sets of hardware.

Note: Do not fully tighten all bolts yet.

- 3 Flip the chair over and press down on seat over legs to secure in place. Then fully tighten all bolts.
