

Trays

Workhorse Solution

Lightweight and economical trays feature a textured, skid-resistant surface for diners. They come in a variety of shapes including standard, trapezoid and handled. Stacking lugs reduce drying times of washed trays. Customize your tray with a hot stamped design or logo.

Benefits

Patterned Surface

Basket weave design reduces food and drink spills and extends life

Reduced Labor

Lower costs through the promotion of self-bussing

Space Saving

Trapezoid shapes allow patrons to eat without removing smallwares

Versatile Option

Low cost and durability make this tray the perfect solution for any high traffic self-bussing establishment
