

Assembly Instructions

Tools Recommended

This Instructions Contains Important Safety Information. Please Read Before Assembly And Keep For Future Reference.

IMPORTANT NOTICE

- This product contains small components, please ensure that they are kept away from small children.
- **THIS INSTRUCTIONS CONTAINS IMPORTANT SAFETY INFORMATION. PLEASE READ BEFORE ASSEMBLY AND KEEP FOR FUTURE REFERENCE.**
- Read each step carefully. It is very important that each step of instruction is performed in the correct order. If these steps are not followed in sequence, assembly difficulties will occur.
- Make sure all parts are included. Most parts are labeled or stamped on the raw edge.
- Work in spacious area, preferably on a carpet, near the place the unit will be used.
- Do not use power tools to assemble your furniture. Power tools may strip or damage the parts.
- Move your new furniture carefully, with two people lift and carry the unit to its new location.
- Never push, drag or pull your furniture (especially on carpet).

WARNING

(Death or serious injury may occur when children climb on audio and/or video equipment furniture.)

To reduce the risk of furniture tipover:

- NEVER attempt to move this furniture without first removing all equipment.
- NEVER placing remote control or toys on the furniture, may encourage a child to climb on the furniture and as a result the furniture may tip over onto the child.
- Please contact us using the details shown for further advice.

6x35mm

Bx4

15x5.9mm

Step 2

Install the screw (A) on the part ⑤.

Insert part ⑮ into the corresponding holes of part ②/⑤. Then lock them with part (B).

The installation position is as shown in the figure below.

Ax1

6x35mm

Bx2

15x5.9mm

Step 3

Assemble part ⑤ and part ⑧ by screw (E).

The installation position is as shown in the figure below.

Ex1

4x35mm

Step 4

First insert part ⑦ along the slot,
and then insert the dowel (C) into part ② / ⑤ / ③ ;
assemble part ④ to part ② ; ⑤ ; ③ by screw (E).the
position is as shown below.

Step 5

Insert part ⑥ along the slot,
the position is as shown below.

Step 6

Install the screw (A) on the part ①, fasten the L-shaped iron piece (K) with screw (L); the installation position is as shown below.

Step 7

Insert the dowel (C) into part ②/③/⑤. Put the eccentric (B) into the corresponding hole and use a flat-blade screwdriver to turn it clockwise to tighten, assemble part ① to part ②/③/⑤, connect part ⑮ to the corresponding hole position of part ① by screw (R). The installation position is as shown below.

Step 8

Assemble parts ⑪ to part ⑫ by screw (I), the installation position is as shown below.

Step 9

Install the bottom frame to the cabinet by screw (J).
Install the middle leg to the cabinet by screw (F)
the installation is as shown above.

Step 10

Use the screw(G)and part(H) to fasten the back board buckle.
The installation position is as shown in the figure below.

Step 11

Install the hinge (P) to the door by screw (D).The installation position is as shown below.

Step 12

Install the hinge (P) to the door side panel by screw (D).The installation position is as shown below.

Step 13

First drill holes on the wall where it is placed, and then use the long screw (E) to fix the cabinet. The installation location is as shown in the figure below.

Step 14

Install the metal plug (O) on the side panels, and then put the layer board ⑨ into the cabinet.
