# Assembly Instructions

**1**

Let the tabletop upside down on a soft cloth to prevent scratches. Insert one pipe into tabletop leg sockets.

**2**

Remove the allen screws and allen wrench.

**3**

After securing three pipes. Position under shelf 6 inches or more above the ground.

**4**

Slide the last pipe.

**5**

Each corner support requires two allen screws. Wait until the table is completely assembled before securely tightening each allen screw.

**6**

All four pipes can be adjusted for the surfaces that are not completely level. Rotate the plastic foot pad for differences in floor surface.

**7**

Turn the table over after each screw is securely tightened. Two people should be required to rotate the table.
