Safe Installation

⚠ WARNING

- Read all of the instructions in this manual before you begin assembly. Failure to do so may result in faulty assembly and potential injury!
- Check that you have all required parts: Do not attempt to assemble if any parts are missing.
- Use product for intended purpose only: DO NOT stand on furniture
- Double check after installation: Before using the product, after assembly and installation, review instructions and procedures again to make sure nothing has been overlooked

Retain this manual for future use

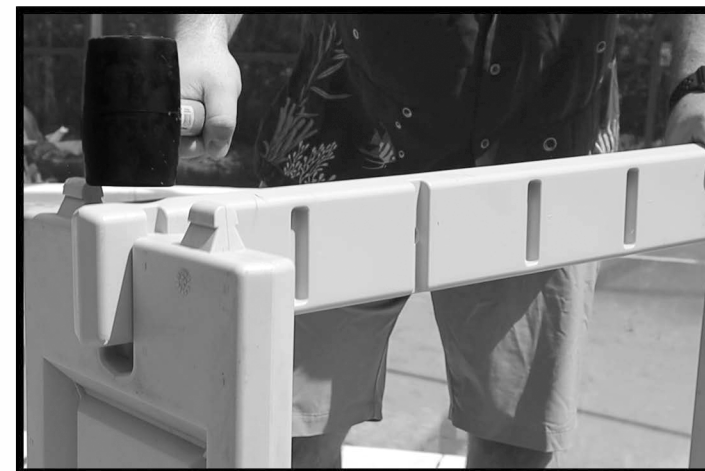

ASSEMBLY:

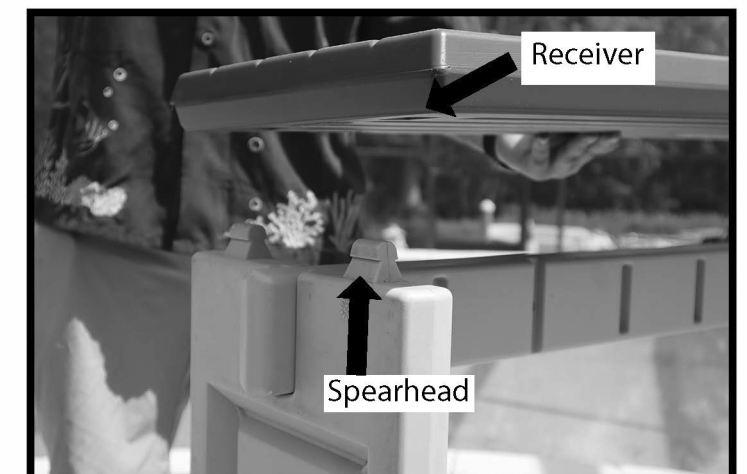

1. Place the 3" support into the groove on the bottom of the leg and tap into place with a rubber mallet.

2. Stand the bar upright. Place the other leg over the 3" support and tap into place.

3. Install the other 3" support into the top groove on the legs.

4. Place the 36" plank over the legs such that the spearheads on the leg align with the receivers on the plank. Tap into place with a rubber mallet.
