Assembly Instructions

If you have any questions, please follow these steps(“Find Your Orders”- “Problem with the Order” - “Contact Seller”) to contact our customer service. Thanks!

NOTE: There are two packages A and B for thisitem. Please wait patiently if you only receive one for now

Revised 2/6/2026

General Assembly Guidelines

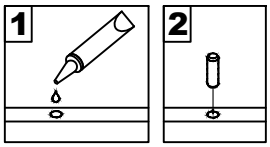

I. Ensure that all parts and hardware are available before beginning assembly.

II. Follow each step carefully to ensure the proper assembly of this product.

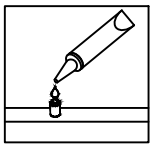

III. Two people are recommended for ease in the assembly of this product.

IV. The three main types of hardware used to assemble this product are : wood dowels , screws and bolts.

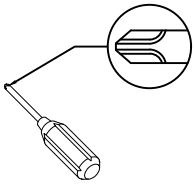

V. The provided glue is to secure wood dowels in place . When first inserting dowels , locate the appropriate hole for the dowel , place a small amount of glue in the hole and insert the dowel . Wipe away excess glue immediately.

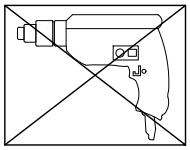

In future assembly steps when dowels are necessary to attach assembly parts together , place a small amount of glue on the end of the dowel before attaching parts together . Wipe away excess glue immediately.

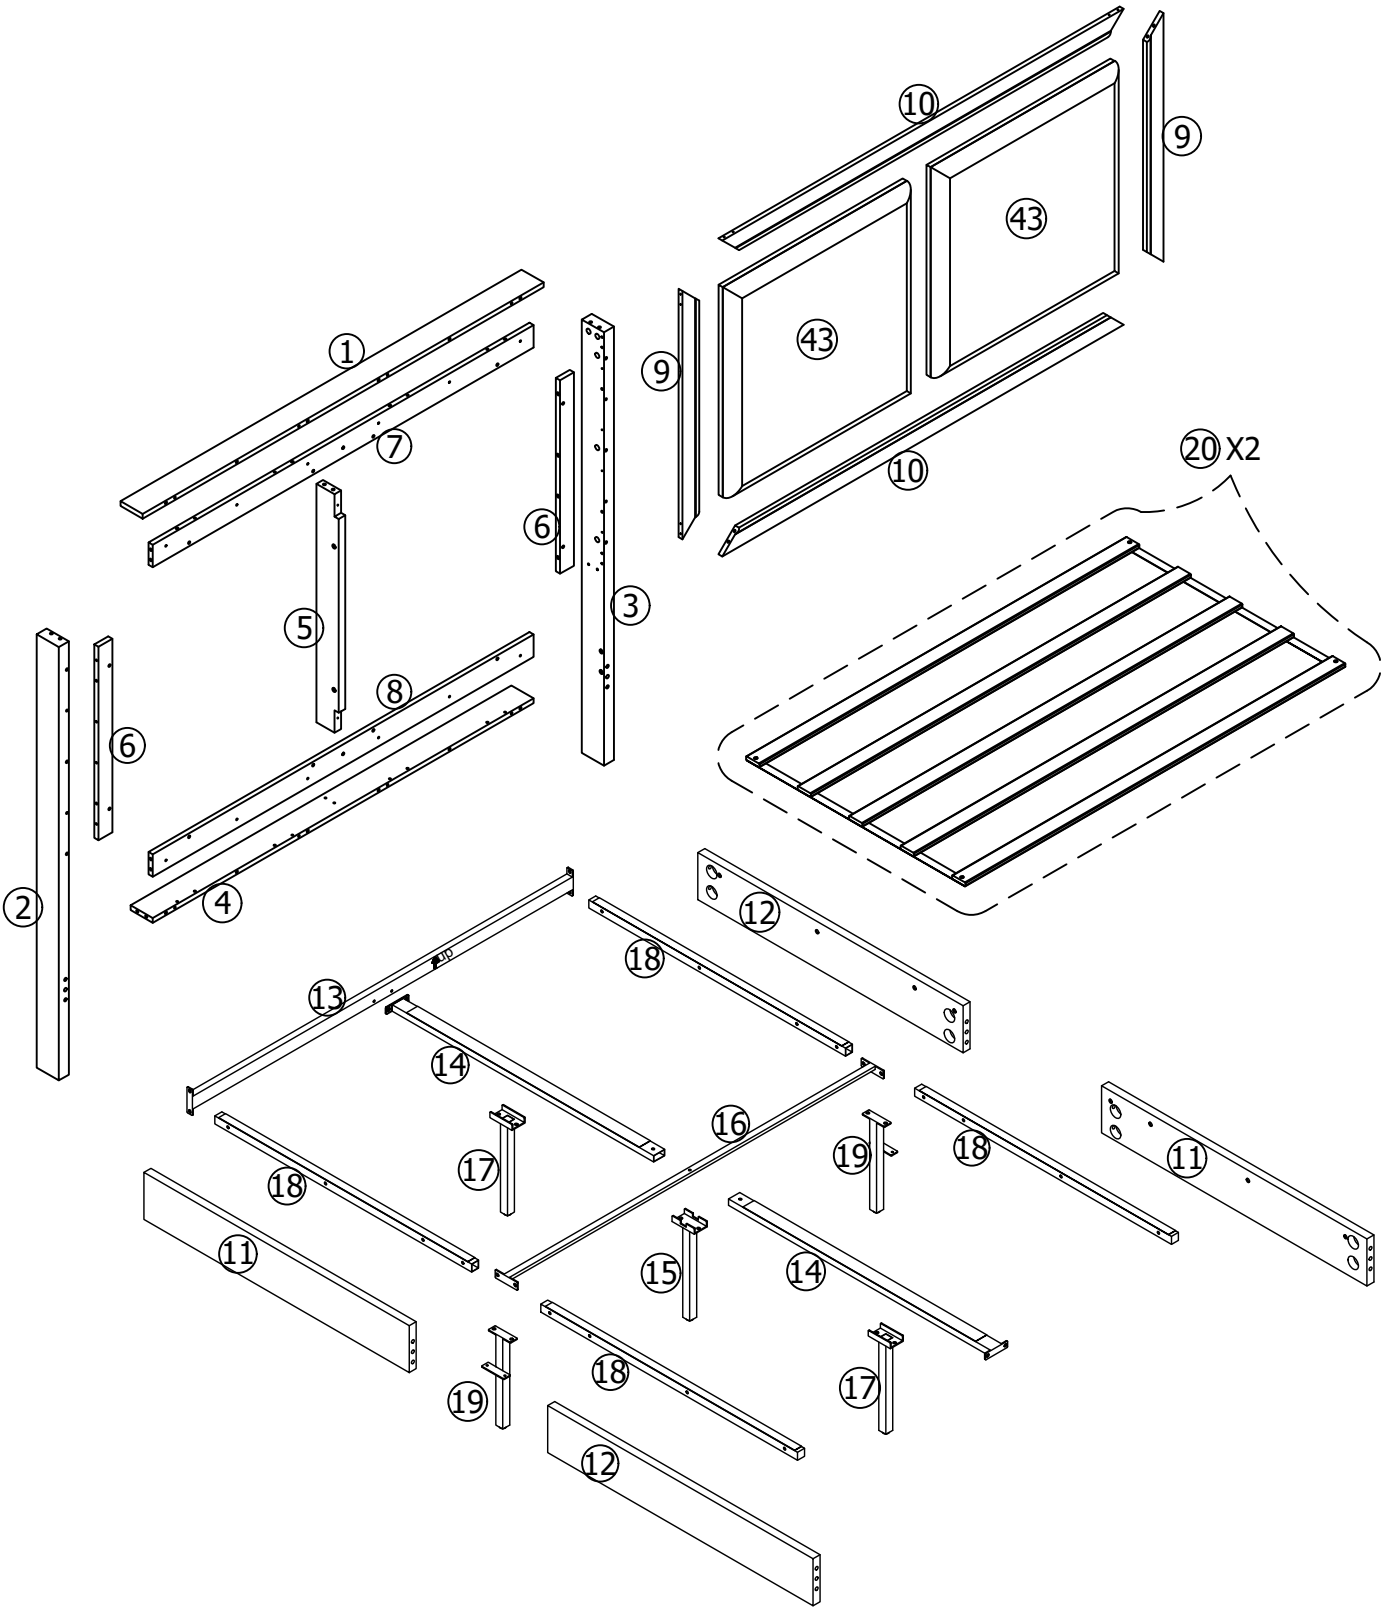

VI. A Phillips head screwdriver is required for the assembly of this product .

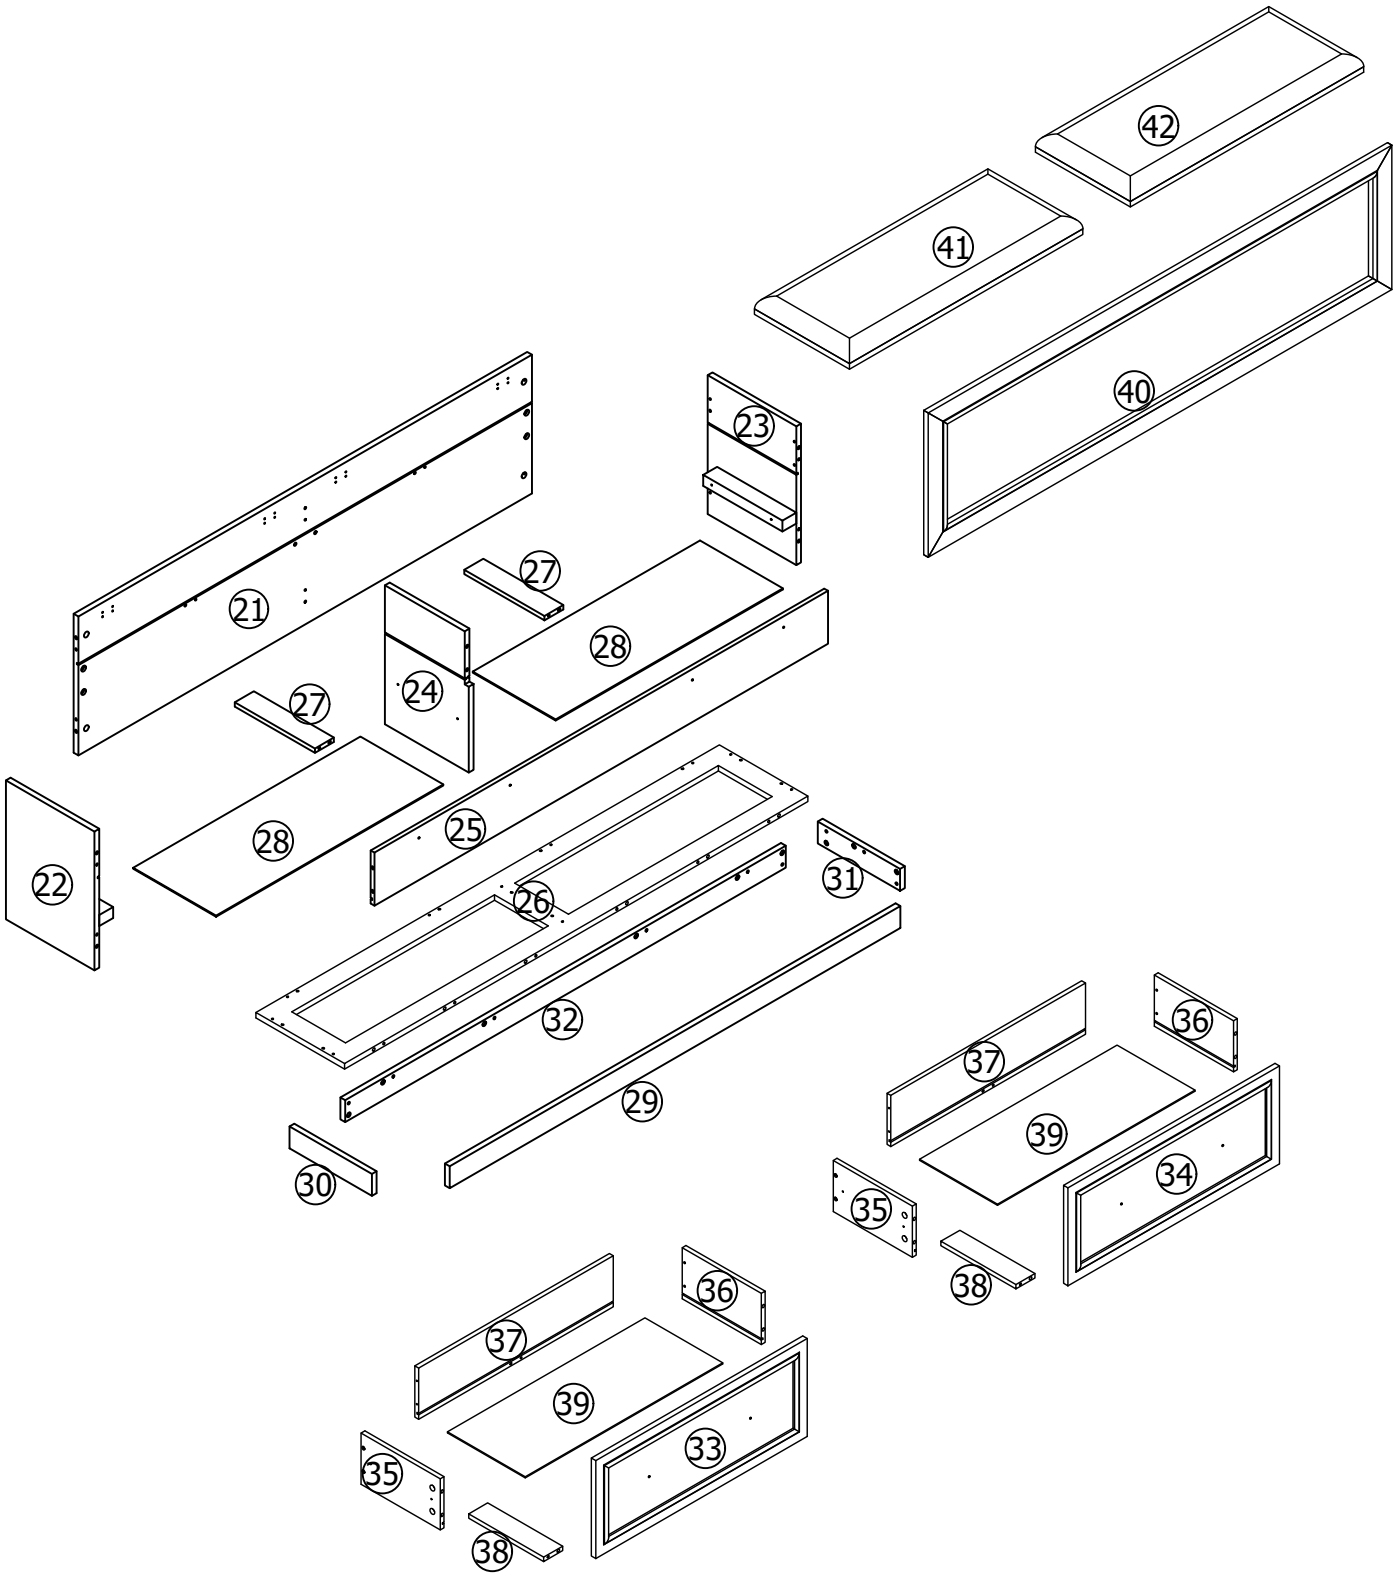

VII. Power tools should not be used to assemble this product .

Step48

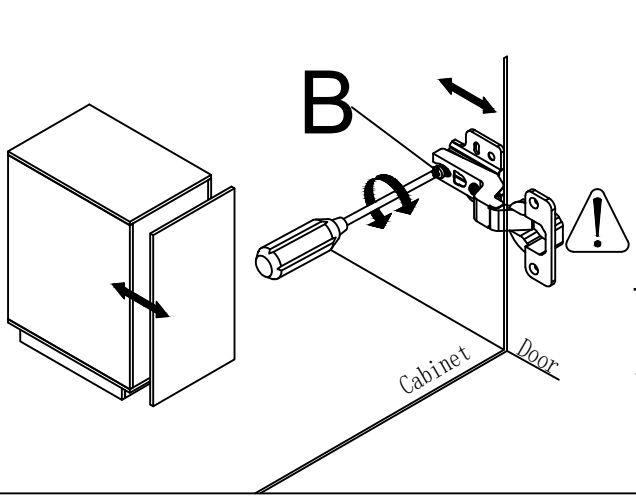

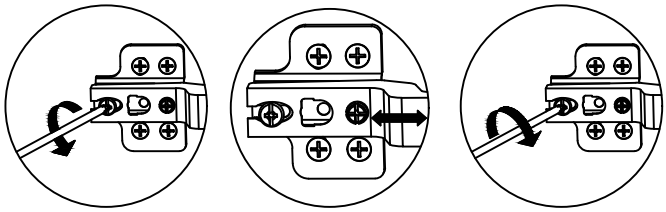

YOU WILL USE HINGE ADJUSTMENT INSTRUCTION ON THIS PAGE FOR THE NEXT STEP.

If you find a large gap above or bellow the door.

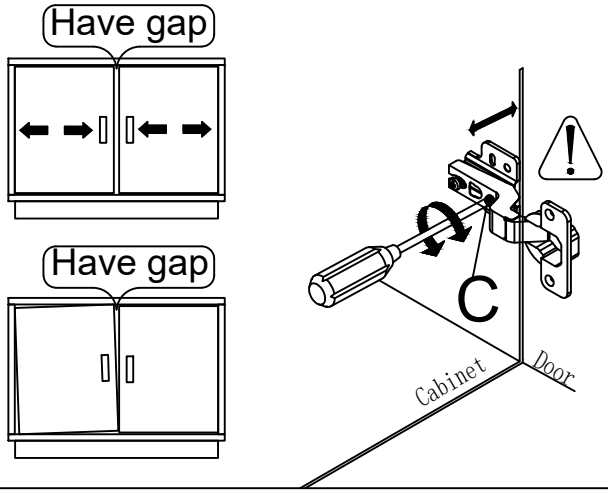

To adjust the vertical height.
Loosen the four screws "A" on both hinges.
Two of them are usually in slotted holes which allows you to adjust up or down by a few mm.
Then tighten back up.

If you find the door is too protruding or too inside.

To adjust depth.
Loosen screw "B" on both hinges and move the door to suit.If the door doesn't move,turn screw "C" on both hinges 1-2 turns and try again.Finally,tighten both screw"B"and reset both screw"C".

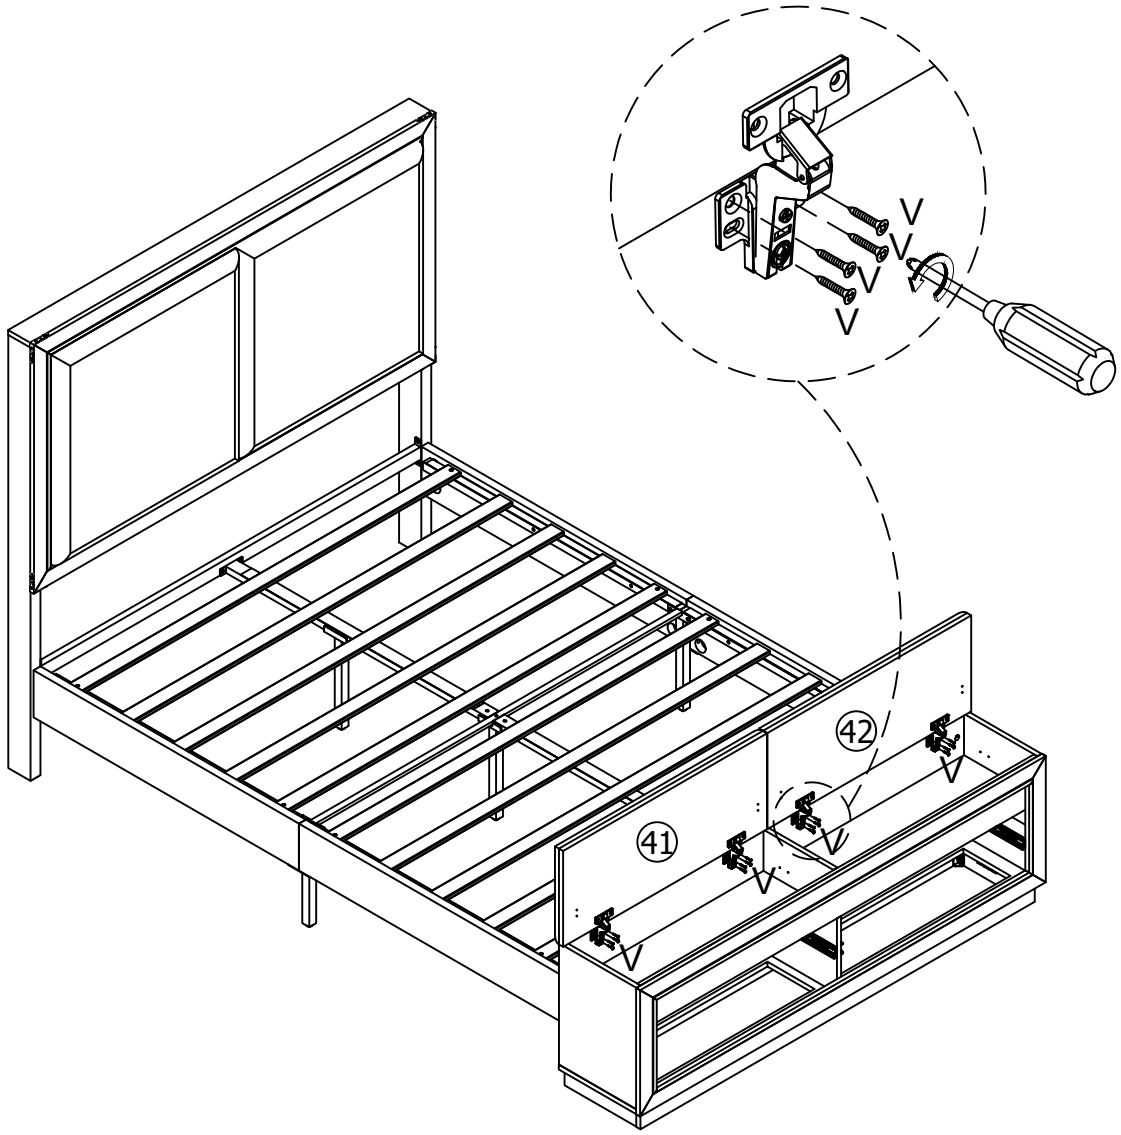

If you notice large gaps between or beside the doors, or if two doors in middle get stuck together, don't worry — this is not a product defect.

To adjust side ways.
Turn screw"C"clockwise or counterclockwise on both hinges until the door is in the desired position.

Step49

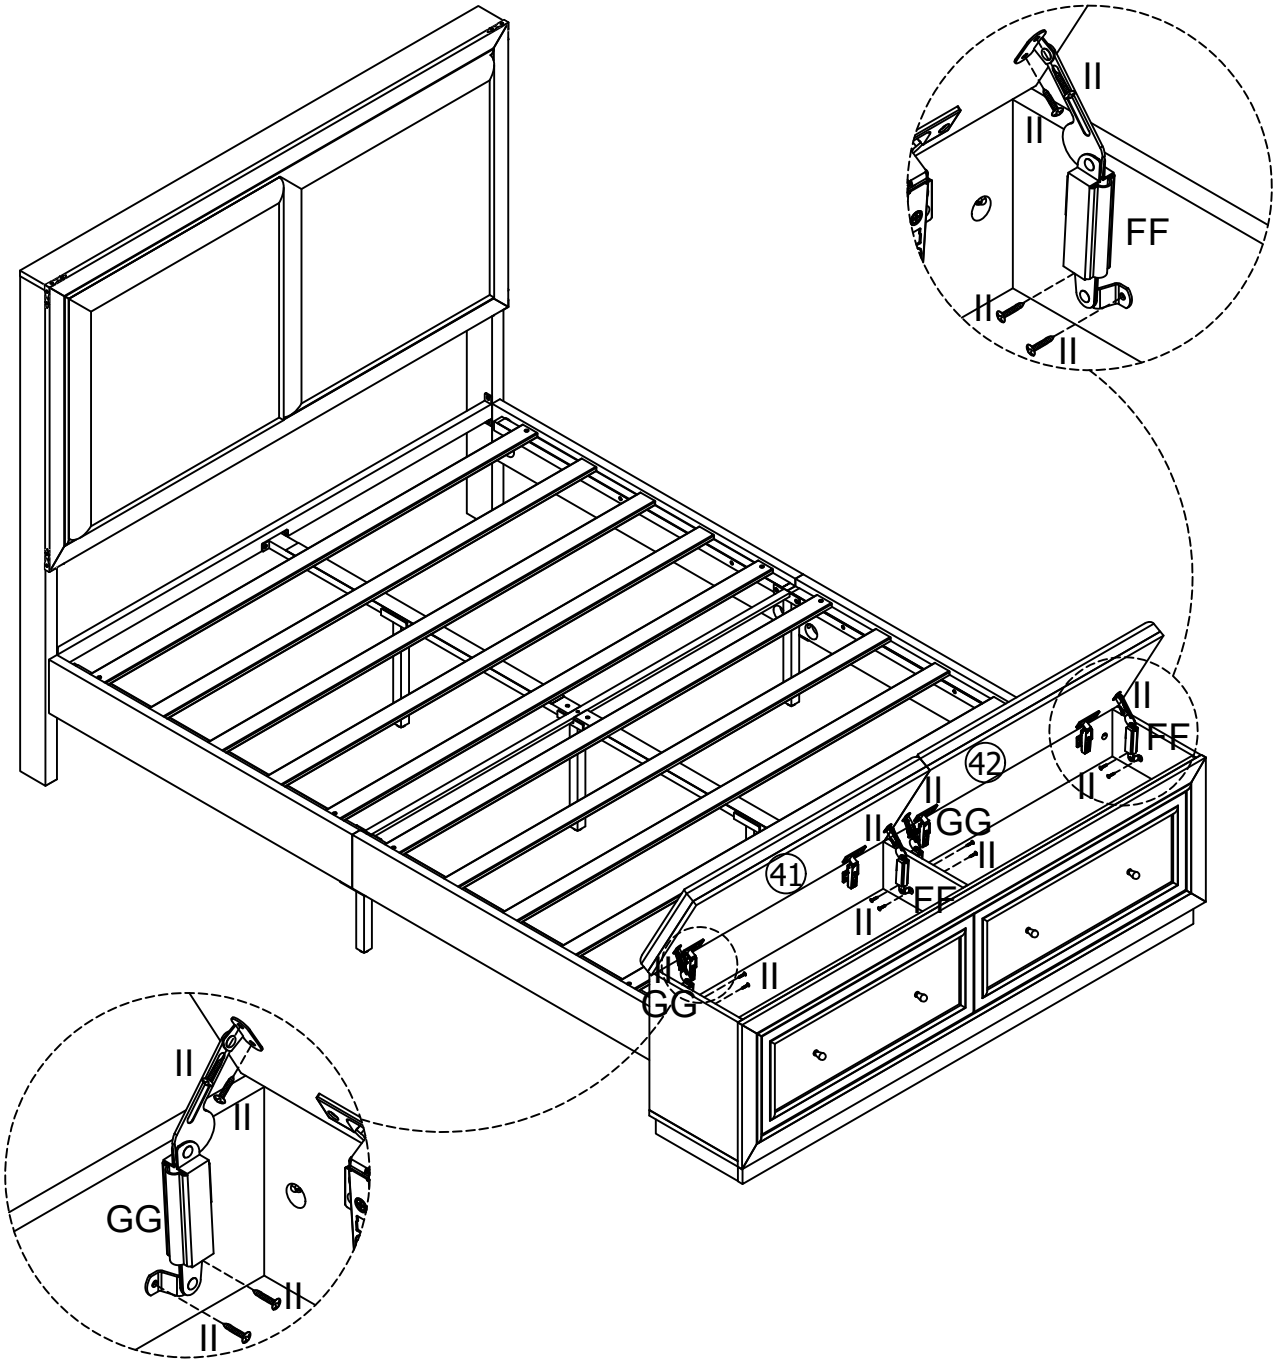

NOTE:Refer to the images to install #41,#42 doors at the indicated position
