Please read instructions thoroughly before assembling this product. Familiarize yourself with inventory of parts and the accompanying illustrations to ensure safe and proper assembly.

PARTS LIST

Part	Picture	Qty	Description	Part	Picture	Qty	Description
A		6	Bottom Stake	B		6	Top "U" Stake
C		6	Balance Ball	D		6	Bird Topper (one of each assorted bird - 1 Green Hummingbird, 1 Blue Hummingbird, 1 Owl, 1 Parrot, 1 Duck, and 1 Rooster)

STEPS

STEP 1: Locate **ONE Bottom Stake (A)** and **ONE Top "U" Stake (B)** and screw them together using your hands - "righty tighty"- until they are secured, creating a single stake, as shown. Repeat this with remaining **Bottom (A)** and **Top (B)** Stakes, until you have a total of **SIX** fully assembled stakes (A/B).

STEP 2: Locate **ONE Bird Topper (D)** and insert small prong into square hole on top of **ONE** of the curved **Balance Ball (C)**. Gently tighten the screw so the **Bird (D)** is firmly secured into the **Balance Ball (C)**. Repeat this step with the remaining **Bird Toppers (D)** and **Balance Balls (C)**, until you have **SIX** connected **Bird** and **Balance Ball** Parts (D/C).

STEP 3: Carefully place and balance the one of the connected **Bird Toppers (D)** and **Balance Ball (C)** parts from **STEP 2** atop the straight edge of the **Top "U" Stake (B)** from **STEP 1**. Make sure the **Bird/Balance Ball Part (D/C)** from **STEP 2** is centered and all pieces are secure. (It should rest gently and swing back and forth without falling off). Repeat this with the remaining parts created from **STEPS 1** and **2** until you have **SIX** fully assembled and functioning **Assorted Metal Bird Rocking Stakes** as shown.

**Gently push stake into soft ground/dirt/mud/grass to display outdoors. Make sure stakes are secured and tightened and birds are carefully centered and balanced.*
