

Assembly Instructions for Desk

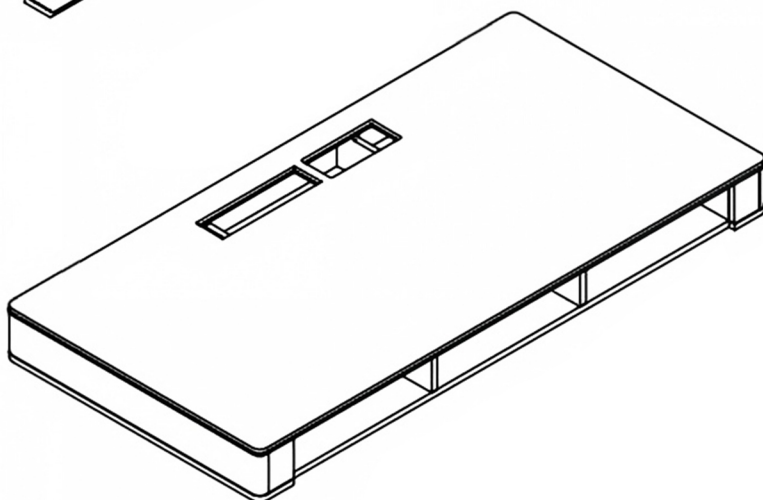

The following instructions are represented by sequence numbers.
(Demonstration images for reference only.)

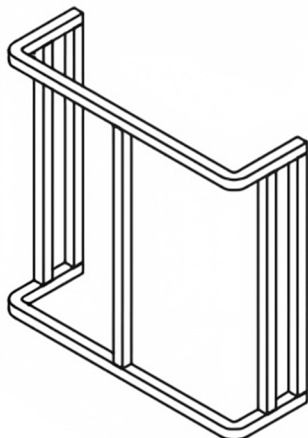

①

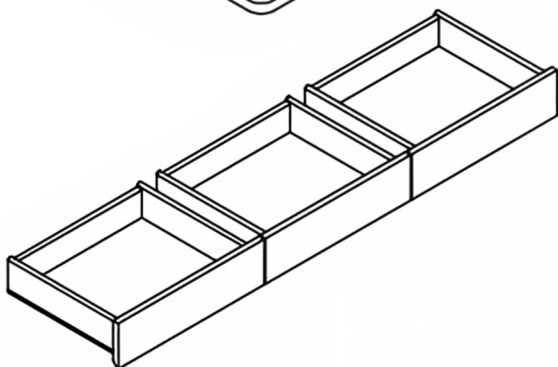

②

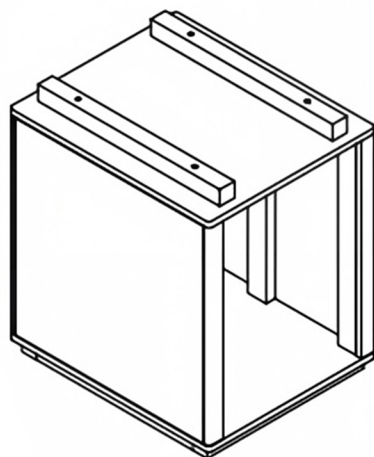

③

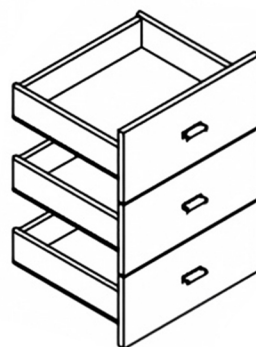

④

⑤

⑥

1. First, flip Part ② upside down. Secure Part ③ to the bottom of the tabletop with self-tapping screws.

2. Line up base connection brackets to pre-drilled holes under the tabletop and fasten with screws.

3. Press both sides of the drawer, then pull outward repeatedly to take it out.

4. Line up the ⑤ to pre-drilled holes on the underside of the ② and fully tighten all flat-head screws.

5. Place the **1** in place.

6. Fit **4** into the tabletop, then position the **6** at the matching spot on the **5** .
