The table lamp delivers soft ambient lighting.

LIGHT-OFF

LIGHT-NO

Operation&Switch Type

Adopt 304 rocker switch

Use the inline switch (on the power cord) to turn the lamp on/off.

Housed in high-quality insulated PP casing for safe electricity usage.

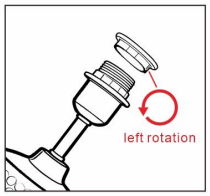

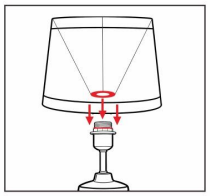

Assembly Instructions

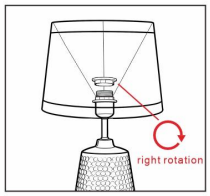

1.Unpack all parts and place them on a soft surface to avoid scratches.
2.Attach the Shade:
- Unscrew the shade ring from the lamp holder.（P1）
- Position the shade over the holder（P2）
- Then re-tighten the ring (do not overtighten).（P3）

3.Install the Bulb: Screw an E26 bulb (max. 60W) into the lamp holder.（P4）
4.Plug the power cord into a mains outlet.

⚠ Safety Warnings ⚠

1.This product is for indoor use only. Do not use it in damp areas (such as bathrooms) or outdoors.

2.Electrical Safety:

- Operate only with 85-265V ~ 50Hz power supply.
- Unplug before assembly, bulb replacement, or cleaning.
- Do not exceed the max. 60W bulb wattage (E26 base recommended).

3.Heat Caution: The bulb and shade may become hot during use—keep flammable materials (curtains, paper) at least 0.5m/19.69in away.

4.Cable Care: Avoid twisting/trapping the power cord; do not modify the cable (contact a qualified electrician for repairs).

Cleaning & Maintenance

Metal Base: Wipe with a soft, dry cloth (avoid abrasive cleaners).

Fabric Shade: Dust gently with a soft cloth; spot-clean with mild detergent (if needed) and air-dry completely.

Do not use water on electrical components.

Troubleshooting

Issue	Solution
Lamp does not turn on	1. Check if the power outlet is working. 2. Ensure the bulb is properly installed. 3. Replace the bulb (if faulty).
Flickering light	Tighten the bulb or replace it with a compatible E26 bulb.
