SKU: 5139-55496

Width: 74" (188 cm)

Depth: 23" (58.4 cm)

Height: 38.25" (97.2 cm)

Weight: 313.06 lb (140.9 kg)

Volume: 49.03 cu ft (1.4 m³)

Carton Width: 26.75 (68 cm)

Carton Length: 77.25" (196.2 cm)

Carton Height: 41 (104.1 cm)

Carton Weight: 360 lb (162 kg)

Type: Entertainment Centers, TV Stands

Category: Home Entertainment

Collection: 5139-55

Number of Shelves: 10

Number of Drawers: 3

Style: Traditional

Finish: Dark Wood

Brand: Hooker Furniture

Status: Active

Max TV Size: 70" Flat Screen

Finish: Dark cherry finish. Distressing includes rasping and striking.

Features: Three drawers

Four doors with two adjustable shelves behind each

One center door with interchangeable beveled glass or wood panel option and two adjustable shelves behind

One three plug outlet

Material: Cherry Veneers with Glass

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as

medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
