Category: Bedroom

Collection: Boheme

Color: Antique Milk Paint

Number of Shelves: 0

Number of Drawers: 3

Number of Leaves: 0

Style: Traditional

Finish: Light Wood

Brand: Hooker Furniture

Product Description: With organic beauty and a softly shaped silhouette, the Bastogne Nightstand is finished in the sophisticated Antique Milk Paint, a light brown finish with nearly opaque antique milk paint overcoat offering a brush-painted effect. With three drawers and a drop-in felt liner in the top drawer, the bottom drawer is cedar-lined. Features a handy 3-plug outlet and one live USB port, along with a three-intensity touch switch on each side and a light underneath.

Collection Features: Inspired by the Belgian design aesthetic, Boheme expresses the elegance of simplicity and the essence of comfort. Lyrical and intentional, Boheme offers a subtle array of three antique gray-white finishes, speaking to Belgium's penchant for all things gray. A neutral palette of gray, blue, white and soft brown blends lyrically with an array of textures and shapes to create Boheme. The poetic beauty of each piece is unveiled in Boheme through texture, color, piece character and artistic shapes.

Status: Active

Finish: Antique Milk Paint finish: Light brown finish with nearly opaque antique milk paint with brush painted effect with white hang up and heavy distressing on the top and lighter distressing on the base
Distressing includes rasping, chopping, wormholes and gouging
Hardware is a dark metal with gold highlights

Drop-in felt liner in top drawer

Cedar-lined bottom drawer
Cord clip on back for wire management
FC707 three plug outlet with USB port
Three-intensity touch switch on each side
One light underneath

Material: White Oak and Cedar Veneers

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
