Content :

Reference*	Height	Number of tree parts	Base
25428	7FT	9	Metal

* The reference number is indicated on the carton above the gencod.

No tools are required for the assembly.

Before beginning

Check whether all parts have been delivered.

Save the carton box for storing your tree.

NO	A	B	C	D
PART LIST				
DESCRIPTION	TREE TOP	UPPER PART	LOWER PART	BASE
QTY./PCS	1PCS	1PCS	1PCS	1PCS

Assembly instructions

1 - Assemble the base (as indicated on the figure 1 on a stable surface, such as indicated on the cardboard packaging).

Unfold the base and insert the screws as indicated on figure 1b.

2 - Insert the trunk in the base as indicated on figure 2.

When the trunk consists of more than one part, begin by inserting into the base (Part D) the part of trunk carrying the longest branches (Part C), and successively to assemble the other parts of trunk (Part B), by ending with the smaller branches (Part A) at the top of the tree

Disassembly and storage

Caution

Keep those information for future reference.
