ABOUT YOUR PALM MOSES BASKET

We would like to tell you about your Kinder Valley Natural Palm Moses basket. This basket has been individually hand woven in Morocco by skilled artisans. Baskets have been woven in Morocco in the same way for many centuries. Originally they were used for transport and storing goods and over the years they have been developed to suit the modern needs.

This basket is made from Dwarf Palm leaves which are collected from the Atlas and Rif mountains in Morocco and are woven and dried directly into the shape of the basket. It takes one artisan two days to make one basket. The basket is then fully tested to British standards by an international testing company in the UK. Your Baby's safety is paramount to us; this is why we re-inspect and further test every basket before they are processed. Once the dressing has been added, they are given a final check before being dispatched. The majority of Palm baskets sold in the UK are made in Morocco and the sales of these baskets help keep thousands of families in employment, so thank you.

You and your baby can sleep soundly in the knowledge that all of our Moses baskets are made using all of the best materials and conform to British Standards, some of the highest standards in the world. Moses Basket Conforms to BSEN 1466:2014.

IMPORTANT

READ INSTRUCTIONS CAREFULLY AND KEEP THEM FOR FUTURE REFERENCE

WARNING: This product is only suitable for a child who cannot sit unaided, roll over and cannot push itself up on its hands or knees. Maximum weight of the child 9kg. If used for overnight sleeping, we recommend you replace the quilt with a blanket which can be tucked in.

WARNING: Before lifting the Moses basket, make sure both handles are secure in the hand of the Carer.

WARNING: Do not leave flexible carrying handles inside the carry cot.

WARNING: Use only on a firm, horizontal level & dry surface.

WARNING: Do not let other children play near the Moses basket.

WARNING: Do not use if any part is broken, torn or missing. Use only replacement or approved parts from Kinder Valley.

WARNING: Maintain a safe distance from strong heat sources such as electric bar fires, gas fires, etc. in the near vicinity of your Moses Basket.

WARNING: If a mattress is purchased separately, make sure it fits well into the product and the depth from the top of the side of the product should not be less than 170mm when the mattress is positioned for use.

WARNING: If the Moses basket is intended to be used with a stand, then it should be checked that the stand is the appropriate size to accommodate the base of the Moses basket. Base size Min-Max. 700-835mm in length and 300-370mm in width.

WARNING: Do not leave flexible carrying handles inside the carry cot.

WARNING: The head of the child in the carry cot should never be lower than the body of the child.

WARNING: No additional mattress shall be added, if you require a replacement mattress, please contact Kinder Valley.

WARNING: Do not add another mattress on top of the mattress provided or recommended by the manufacturer.

As every Moses basket is handmade please be aware that there may be slight size & colour variation due to the nature of the natural Palm leaves.

The handles and the bottom should be inspected regularly for signs of damage and wear.

WARNING: This basket is not suitable to carry a baby in.

ADJUSTING THE HOOD

The hood can be adjusted to any desired angle by tightening the screws situated at the joint of the hood.

CLEANING INSTRUCTIONS

BASKET: Sponge lightly with warm water and mild detergent.

MATTRESS: If necessary wash by hand in warm water and mild detergent. Dry away from direct heat or sunlight. Do not tumble dry. Do not dry clean.

DRESSING: All covers are washable, we recommend you wash at 30°C with a fabric softener to obtain the best results.

CARE OF YOUR BASKET: All covers are washable. Please wash at 30°C with a fabric softener to obtain best results.

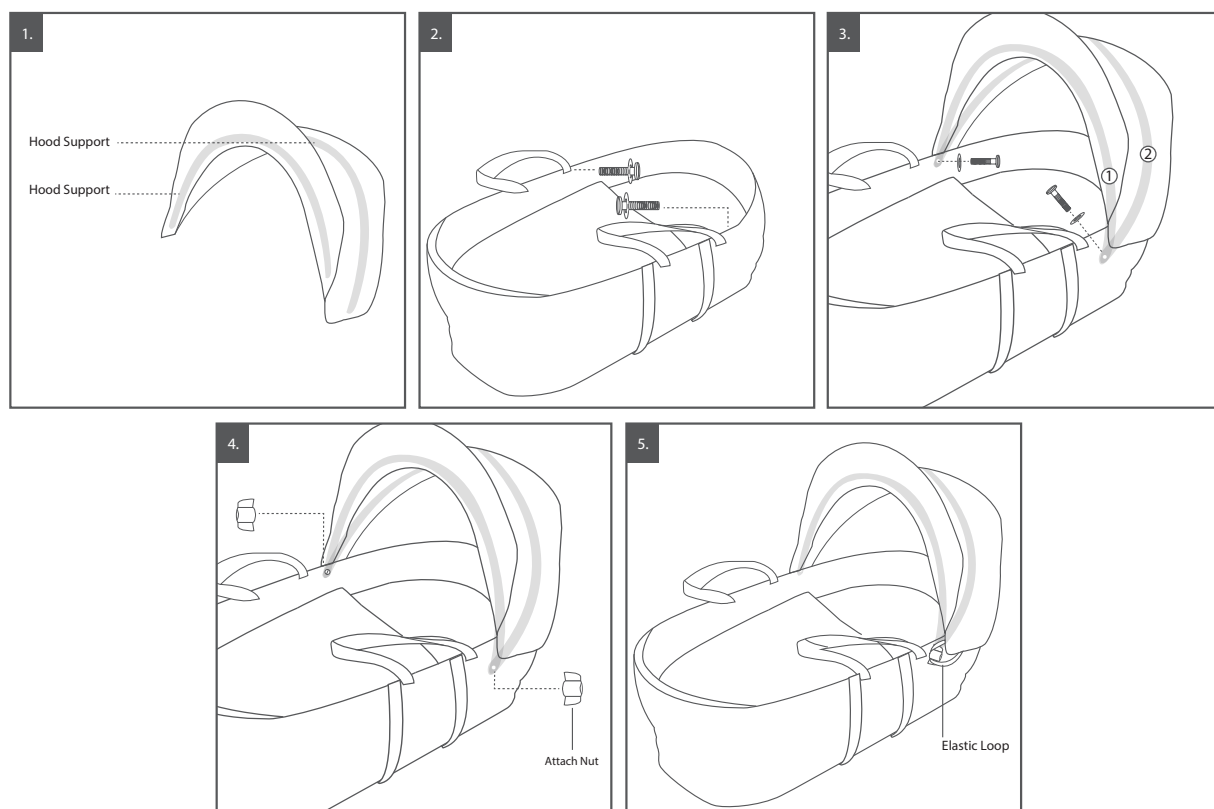

Please store in a cool dry place when not in use.

Dispose of all packaging safely before use. Complies with BSEN 1466:2014.

HOW TO ASSEMBLE THE HOOD:

TO DISASSEMBLE THE HOOD FOLLOW STEPS IN REVERSE.

1. Firstly, thread the 2 hood supports through the fabric hood situated on the underside; 1 to support the front and 1 to support the middle of the hood
2. Place the screws on the inside of the basket, 1 on either side. In 1 of the holes near to the handle.
3. On both supports, there is a hole at the ends; place these onto the screw- you must ensure that the front support goes on first, followed by the middle, to stop the straps from crossing over.
4. Fit the nut on to the screw, from the outside of the basket- ensuring it is tightened to where you desire the hood, you can adjust the screws accordingly.
5. Lastly, use the elastic loops to hook over the nuts on both sides of the basket, and tuck the ends of the canopy over, pull the back fabric of the hood over the basket, to create the canopy.
