

To be installed by a certified electrician!

Ensure that the power is off.

A Connect the mounting bracket to the junction box (required!). Add screws as needed.

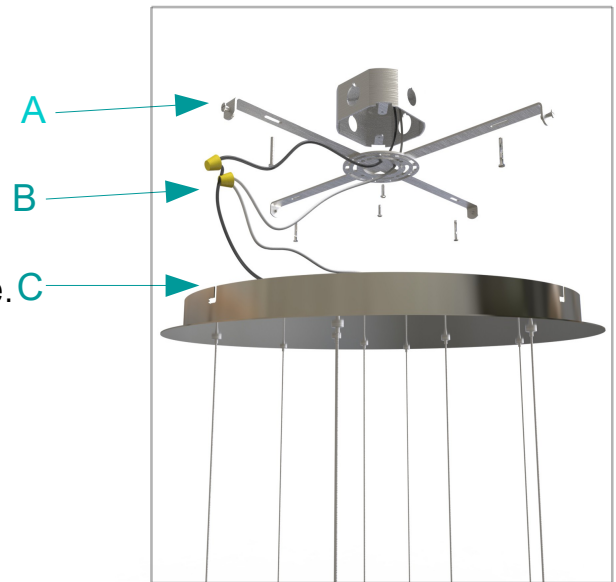

B Connect the wires.

C Align the canopy with the screws push up and rotate.

D Tighten all the screws.

NOTE: do not release the canopy until the screws have been tightened.

Pendant Installation

Do not attach pendants until canopy installation is completed.

A Thread part A onto the wire.

B Insert the LED bulb into it's socket.

C Thread part C into part A.

Please note that the bulbs run in series,
so they will only function with all LED bulbs correctly installed.

Turn on the light 💡
