1. Carefully remove all parts from box and remove protective wrapping.
2. Assemble the butterfly back first. Take butterfly center (PART B) and attach butterfly left wing (PART A) with included hardware (PART E) and wrench (PART F). Tighten securely. Repeat with butterfly right wing (PART C).
3. Take seat (PART D) and attach both front legs as shown using included hardware and wrench. Tighten securely. Affix assembled butterfly wings to the back of the bench using included hardware.
4. Tighten all hardware again. Make sure that assembly is secure.
