

INSTRUCTION For Cordless Roller Shade

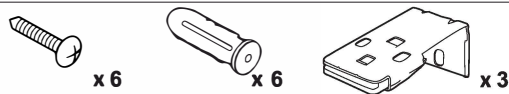

1 Check package for the complete set of parts.

width length
of the window

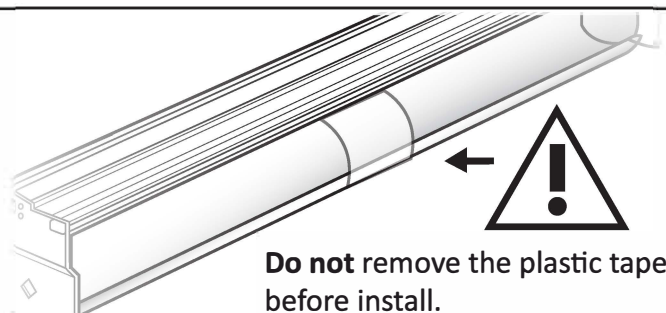

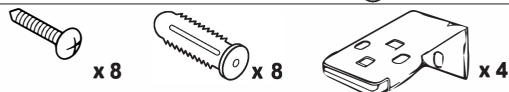

0"~45 ¹⁵/₁₆"

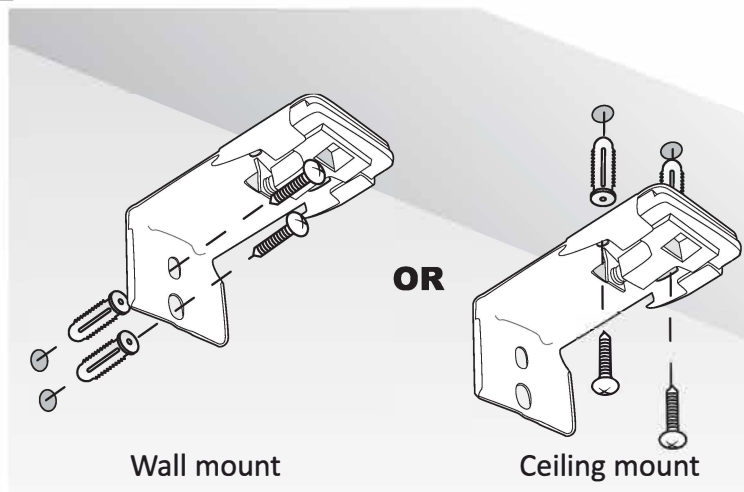

46"~58 ¹⁵/₁₆"

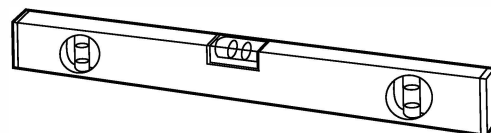

59"~72"

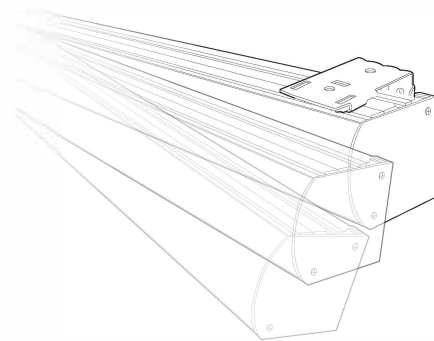

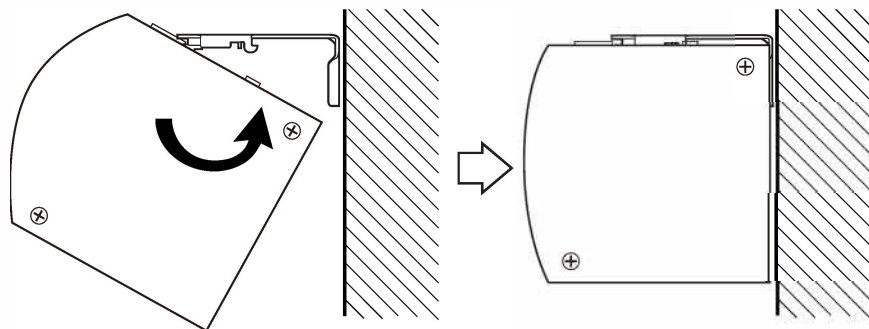

2 Install brackets as wall or ceiling mount according to your preference.

Make sure the brackets are level.

3 Place the front groove of the head rail into the bracket (as shown below). Then push the head rail in and cause the rear groove to clip into the bracket.

4 Remove the plastic tape and raise the shade up and down straight by holding the bottom handle.
