Water on Neptune 2

D2539S50777-4074

Water on Neptune 2 is a series of three works that feature a tranquil coast scene. A voluminous cloud in faint indigo and cotton offers the viewer a distinct focal point. A textural feel is achieved through the contrast of smooth and choppy brushstrokes and the muted color palette of cerulean, pale mauve, and navy blue. A harmonious balance defines this work.

Part of the carefully curated ART by TA Collection, a seemingly endless expanse of sky and water encourages feelings of hope and optimism in this original work of art on canvas.
