

# Specification

## Important Safety Instruction:

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless the plug can be fully inserted. Do not alter the plug.

**Note:** This lamp has dimmer switch, only suitable for incandescent bulb or dimmable LED bulb. Using a non-dimmable bulb may cause flickering, buzzing, or light in stability.

Touch the base to turn the light on/off. When the lamp is on, press and hold the base to adjust the brightness.

## Safety Warnings

- ◆ This product is for indoor use only, and not suitable for a bathroom location.
- ◆ If your lamp will not illuminate, please check the bulb, check the relevant fuse in your fuse box. If unsuccessful please consult your retailer.
- ◆ This product is not suitable for persons under 14 years of age.
- ◆ Never fit bulbs of a higher wattage than those specified on the label, as these may cause overheating and damage the fitting. Always observe the lower wattage on base or shade.
- ◆ If the mains cable becomes damaged it must only be replaced by a technically competent, qualified person.
- ◆ Allow 10 minutes to cool before replacing, adjusting or cleaning. Clean with a dry cloth only. Do not use liquid or abrasive cleaners on this product.
- ◆ If you are in any doubt about your competence please consult a qualified electrician.
- ◆ If any modification is made it will invalidate the warranty and may render the product unsafe.
