

NIGHTSTAND

Thank you for choosing our products, please assemble and use it following the instructions.

Important

1. We recommend two people to assemble the product easier and faster.
2. Please DO NOT tighten the screws deeply during assembling avoiding that metal frame can be bent and plank will crack.
3. We recommend that all screws should not be tightened over during assembling to make it easy to adjust. When it is adjusted to proper station, all screws should be tightened.
4. If there are any smudges such as oil stains or fingerprints during installation or use, please clean the surface gently with a soft cloth dampened with alcohol or clean water.

Thank you for choosing our product.

Please kindly share your shopping experience if you are satisfied with it. If you have any problem regarding assembling or product itself, please just contact us.

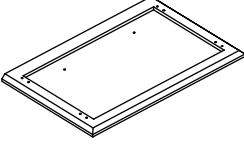

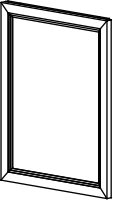

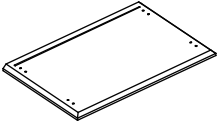

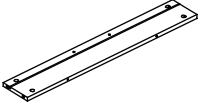

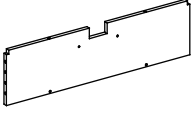

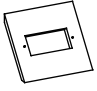

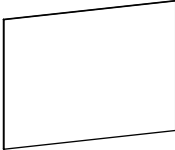

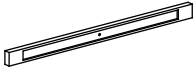

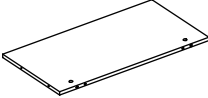

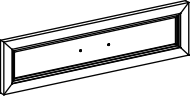

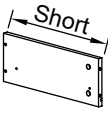

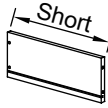

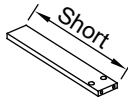

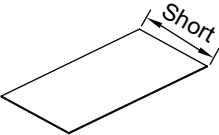

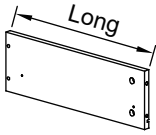

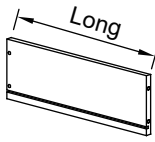

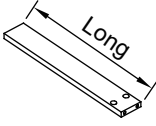

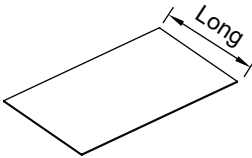

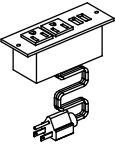

We will do everything we can do to solve all the problem for you.

To install the drawer into the cabinet:

1. Preparation: Move the ball bearing assembly on the cabinet glide to its outermost position.
2. Installation: Align the drawer. Engage the upper and lower tabs on the drawer's side with the corresponding slots above and below the cabinet glide. Gently push the drawer inward until you hear an audible click, indicating it is locked in place.
3. Verification: Test the drawer by opening and closing it several times to ensure smooth operation.
4. Troubleshooting: If the drawer does not open or close properly, remove it by reversing the installation steps and try again.
5. Support: Should any problems persist, please contact our customer service for assis-

After installing the drawer,
if you notice inconsistent gaps,
please adjust this position up and down.
