

### Hardware Package (included):

# ASSEMBLY AND INSTALLATION INSTRUCTIONS

**WARNING:** TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER BEFORE INSTALLING OR SERVICING THIS FIXTURE.

NOTES: 1. Before installing, consult local electrical codes for wiring and grounding requirements.  
2. READ AND SAVE THESE INSTRUCTIONS.

## Installation Steps

Turn off the power at fuse or circuit box

### Assembly of the fixture body

Step:01. Connect the Back Plate and the Lamp post with connecting rod.

Wiring part : black wires need to be connected with black wire, white wires are connected with the white wire.

### Installation Instructions

Step:02. Attach the Mounting Bracket(A) to the outlet box by using two mounting screws(B).

Step:03. Pull out the source wires from the outlet box. Make wire connections using wire nuts(E) as follows:

---Connect the hot wire (usually black insulation) from the fixture to the black wire from the power source.

---Connect the neutral wire (usually white insulation) from the fixture to the white wire from the power source.

---Attach the fixture grounding wire (usually bare wire) connect it to the house grounding wire with the wire nut.

--- Carefully put the wires back into the outlet box.

Step:04. Attach the fixture body to the Mounting Bracket(A) by inserting Fixture Screws into holes on back plate, and then secure it with two ball nuts(F).

Step:05. Install the Glass Shade with the Socket Ring.

Step:06. Install E26 bulb (not included). Check relamping label at socket area or packaging for maximum allowed wattage.

## Attention

1. Please install it by a licensed electrician.
2. Due to the different display, the actual color can be different from the image.
3. Due to the manual measurement of lamp body size, there may be a deviation of 1/2 inch.
4. If there are any quality problems, missing parts or other something wrong with the item, please feel free to contact us and we will try our best to help you.
