Assembly Steps

Overview

This Counter Stool has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Stool parts, the above picture is provided to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Friendly reminder: Tighten all the screws after all holes are installed.

Step 1

Open the carton, and place all parts on a clean, non-marring surface.

Attach the Left Front Leg (C) and Right Front Leg (D) to the Seat (B), using the Bolts (①), Spring Washers (⑤) and Flat Washers (⑥) with Allen Wrench (⑪) as shown above.

Do Not Fully Tighten the Bolts.

Step 2

Attach the Back Legs (E) to the Seat (A), using the Bolts (②), Spring Washers (⑤) and Flat Washers (⑥) with Allen Wrench (⑪).

Do Not Fully Tighten the Bolts.

Step 3

Attach the Front Crossbar (F) to the Left and Right Front Legs (C & D).
Fit Cam Locks (⑦) into the holes in a straight line, then secure with Bolt (④) using the Allen Wrench (⑩).

Do Not Fully Tighten the Bolts.

Step 4

Insert the tenons of the Back Crossbar (G) into the mortises on the Left and Right front legs (C & D), and clip the crossbar into the slots of the Back Legs (E) as shown.

Use the Bolts (②), Spring Washers (⑤) and Flat Washers (⑥) with Allen Wrench (⑪) to lock back leg as shown.

Secure them with the Bolt (⑧) using the Screwdriver (⑫) to lock front leg as shown.

Do Not Fully Tighten the Bolts.

Step 5

Align Backrest (A) with the protruding sections of the rear Back Legs (E) and match the holes on the back of the backrest.

Secure with Bolt (③) using the Allen Wrench (⑩).

Do Not Fully Tighten the Bolts.

Step 6

Attach the Back Support (H) to the Back Legs (E), using Bolt (⑧⑨) with Screwdriver (⑫).
Do Not Fully Tighten the Bolts.

Step 7

Turn the counter stool right side up and place it on a level surface.
Inspect the counter stool to ensure all parts are properly connected.
Sit gently on the counter stool to help align all joints and connections.

Step off the counter stool and, in a sequential manner, proceed to tighten all bolts.

You may need to turn the Counter stool to access certain bolt points, always turn it carefully and in a synchronized manner with assistance if needed.

Tighten all bolts gradually and sequentially.

Do not fully tighten one bolt before moving to the next, as this may cause the frame to warp.
If the Counter stool still wobbles, loosen the screws slightly and repeat the tightening process.

Step 8

Adjust the levelers on the legs to ensure chair stability.

Your Counter Stool is ready for use.

This Counter Stool can only be used on a flat, level surface.

Questions & Answers about Proposition 65

• What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

• What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

• What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

• Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
