CHRISTMAS TREE INSTALLATION INSTRUCTION

1

2

Put it on a flat surface

3

Insert section C4 into the stand

4

Spread out the branches

5

This may require gently pulling them outward & downward as branches can get tangled during shipping

6

Insert section C3 into section C4

7

Repeat the same to fluff the branches

8

Insert section C2 into section C3

9

10

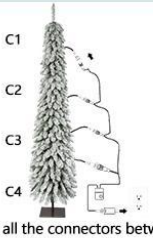

Insert the bolt through the stand to secure the base

11

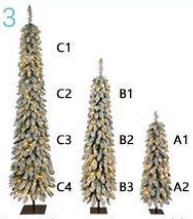

Insert section C1 into section C2

12

Connect all the connectors between each tree section

13

Repeat the same to assemble the other trees

Note:

1. Be careful not to pinch any of the light wires (if applicable) between the hinge when shaping the branches.
2. Make sure all bolts are tightly screwed in to keep the tree stable.
3. When not in use, store neatly in a cool, dry location protected from sunlight.
