## MOUNTAIN MAGAZINE HOLDER AND PAPERWEIGHT

## **SOME CAPTIONS**

- Mountain comes as a magazine holder and a paperweight. The beautiful magazine
  holder encourages you to store or display your favourite magazines and coffee table
  books. While the paperweight is great to set on top of books or as a sculptural object
  in a shelving system.
- With its light and contemporary expression, Mountain is easy to integrate into various settings. Let it for instance be an elegant storage solution for your cookbooks on the kitchen island - and when cooking, use the V-shaped construction to display the open books.
- Designed by Tina Schmidt, Mountain is beautifully formed in solid travertine. An artistic
  decorative piece, that abstractly captures the graphic outlines of the great mountains in
  nature.
- Inspired by the majestic mountains, the sculptural object echoes the iconic and graphic expression, creating a strong silhouette, which is aesthetically pleasing.
- The light grey travertine is chosen to represent the feeling of presence, tranquillity and connection to nature. Bringing the mountains' vibes into the homes.
- Mountain is designed by the Danish Tina Schmidt. Her background as a trained product
  designer and occupational therapist combines aesthetic appreciation and a fine understanding of how people interact with products. Resulting in minimalistic designs that
  highlight the interaction between the product and its user.
