WANT TO CONTACT US

- ▶ Log in to your account.
- ▶ Go to “Your Orders” and locate your furniture order.
- ▶ Click on “Get Help with Order” to send us a message directly.

Our customer support team is ready to assist you and we will respond within
12-24 HOURS to resolve your concerns quickly!

EN_QUICKFIT: Tighten quickfit until shoulder is flush with panel. Do not overtighten or undertighten.

EN_CAM LOCK: When fitting cam lock, ensure starting position is correct before you insert connecting quickfit.

EN_Quickfit head should be in the centre of the cam lock when the two panels are joined.
Cam lock should be inserted before quickfit.

EN_Turn cam lock clockwise to tighten.

Done

First fix the anti-rewind screw in the reserved hole of the product.

then, use a ruler to measure the approximate height of the product on the wall, and then mark it with a pen.

Then use a tape drill to make holes in the wall that are suitable for the product screws.

Then, put the expansion bolt into the hole

Finally, pass the matching screws through the "anti-rewind" and tighten them to fix them on the wall.
