

Installation Manual

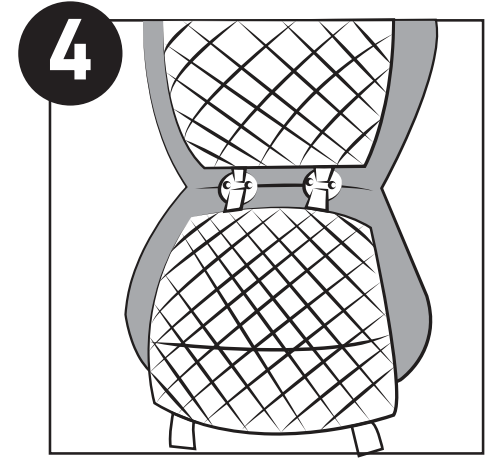

Lay down the upper portion of the seat cover onto the seat.

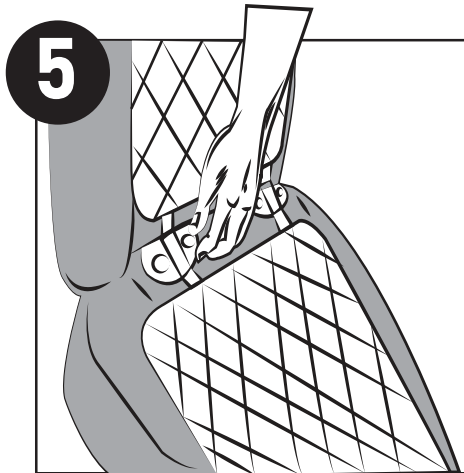

Attach the upper portion of the seat cover by connecting the buckle behind the headrest.

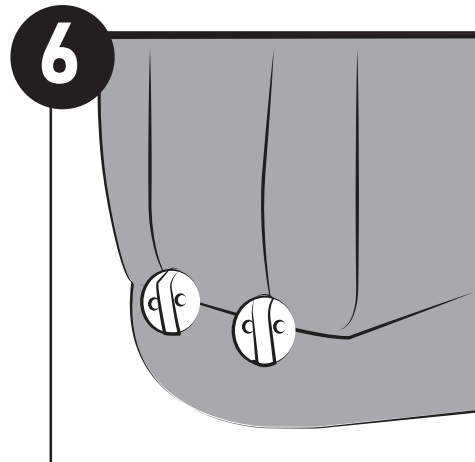

Remove the butterfly discs from the bag. Then take the straps on the bottom of the upper seat cover and loop each through a butterfly disc.

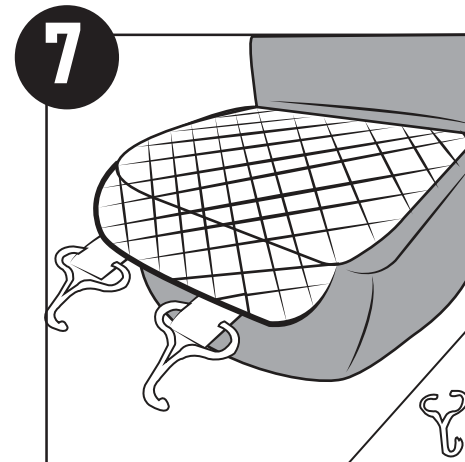

Lay the bottom portion of the seat cover onto the seat. Take the bottom cover's straps and loop each through a butterfly disc. Your seat cover should resemble the image above.

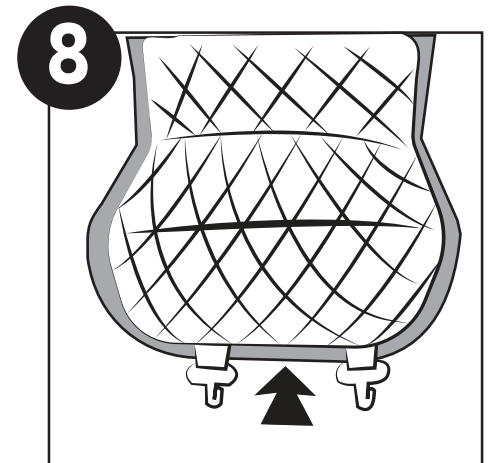

Push the butterfly discs through the center crevice of the seat.

The back of your seat should look like this.

Optional: For a tighter fit, attach the hooks that are found in the bag to the bottom straps of the seat cover (you must pull open the hooks).

Finally, latch the hooks underneath your seat. **WE SUGGEST WEARING PROTECTIVE EYEWEAR AND GLOVES FOR THIS STEP.** You may have to look underneath or feel around for a secure place to hook your seat cover.
