Laken Wall Clock 625784

32" aged silver finished wall clock with machined steel finish with grind marks and distressing and blackened steel finished center with moving, galvanized steel finished gears.

Moving gears are incorporated into the clock's design, enhancing the overall dynamic while creating an attention-grabbing focal point.

The dial features large, applied, machined steel Roman numerals along the outer ring.

Four steel markers connect the central gears to the outer ring at the 12, 3, 6, and 9 positions.

Galvanized steel finished gears are located in the center of the dial.

Quartz, battery-operated movement requires one AA and a D battery (not included).

Dial features applied, machined steel Roman numerals.

The hour and minute hands are machined steel finished with an open fret cut diamond style.

Overall Width: 32 in

Overall Depth: 3 in

Overall Height: 32 in

Weight: 6.1 lb

Battery Included : No

Battery Quantity and Size : 1AA & 1D

Clock Movement : Quartz
