## 72-In. Electric Fireplace with Bookshelves and Enhanced Display

## **Mantel Design**

- Classic design with two bookshelves
- Made of durable MDF materials
- Available in 7 color options
- Makes a statement in any room
- Six adjustable side shelves
- Simple assembly

## **Firebox Features**

- Heats up to 210 sq. ft.
- 2-stage fan-forced air heater
- 9-hour programmable timer
- 2 heat settings & flame only function
- Enhanced log display
- Automatic thermal safety shut off
- CSA certified

Shown in the Mahogany finish

Electric fireplaces are an easy way to add warmth and character to your home. If you are looking for a multi-functional statement piece, this Fireplace is perfect for you. Bookshelves on either side balance the middle frame that hosts the fireplace insert. These shelves, along with the long mantel top, provide plenty of space for displaying books and decor. A Gothic floral appliqué is carved across the top of the fireplace, giving it a classic and traditional look. The clean lines, fluted pilasters and crown molding are a few of the design details that add even more character to the frame.

The electric insert produces 5,115 BTUs of fan-forced heat that can quickly warm a 210-sq. ft. room. An enchanting flame display dances across the back of the firebox, creating movement that is sure to catch your eye. Embers of light glaze across the logs within, adding highlights throughout the enhanced display. The heat settings can be adjusted at the push of a button; you have the option to display the flames with or without heat. With this fireplace; comfort never looked so good!
