

# Aden Tabletop Clock 645822

---

This resplendent glass table clock proves the star of any setting, thanks to its arched silhouette. As much a fashionable addition to the home as a functional accessory, it briefly nods to bold styles of the past yet maintains a thoroughly modern feel thanks to its sharp, precise design and use of premium materials. The end effect is luxurious, crisp, and flawless all at once.

**Lasting Style:** Endurance is the hallmark of any alarm clock. This one stands out thanks to its sturdy glass center supported by black satin-finished wood along the sides. At its heart is a striking white dial etched with black Arabic numerals and matching minute and hour hands. The silver alarm hand and polished silver-tone bezel provide perfect contrast, while a flat glass crystal creates a flawless, protective shield. At the base is thick glass, providing just the right degree of security to keep the clock steady and in place.

**Quartz Movement:** The clock has quartz, battery-operated movement and requires one AA sized battery, which is included.

**Howard Miller:** Founded in 1926 and still family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and SmartMoves® adjustable height desks.
