Finish: Light Wood

Brand: Hooker Furniture

Product Description: Make your bedroom into a serene refuge with the Elixir Queen Upholstered Bed that exudes a feeling of comfort and simplicity. The headboard is upholstered in a soft, neutral texture, with the border, footboard and rails finished in a gray-beige finish applied to lightly sand-blasted walnut veneer for an organic and textural look. Bed includes headboard, footboard and rails.

Collection Features: Elixir is a casual contemporary collection that, like its name implies, exudes a feeling of comfort, simplicity and well-being. While Elixir has crisp, clean lines, character and visual interest are also achieved through the use of texture. Textural interest comes from the use of lightly sand-blasted walnut veneer, light texture applied to the metal elements along with a hand-carved texture added to the surface of select pieces such as the oval mirror and the round dining table. The buffet offers a beautiful carved starburst pattern on the doors.

Status: Active

Finish: A serene gray beige finish applied to lightly sand-blasted walnut veneer for an organic and textured look. Champagne silver finish on the

metal elements and hardware. Custom-designed knob hardware in a champagne-silver finish. Distressing includes wire brushing.

Features: Queen size
Includes headboard, footboard and rails
Fabric upholstered
Light wood finish
5990-90851-MULTI Headboard can be used alone

Material: Chinese Walnut Veneers and Fabric

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
