Base Type: G9

Light Source Included: NO

Voltage:120VAC

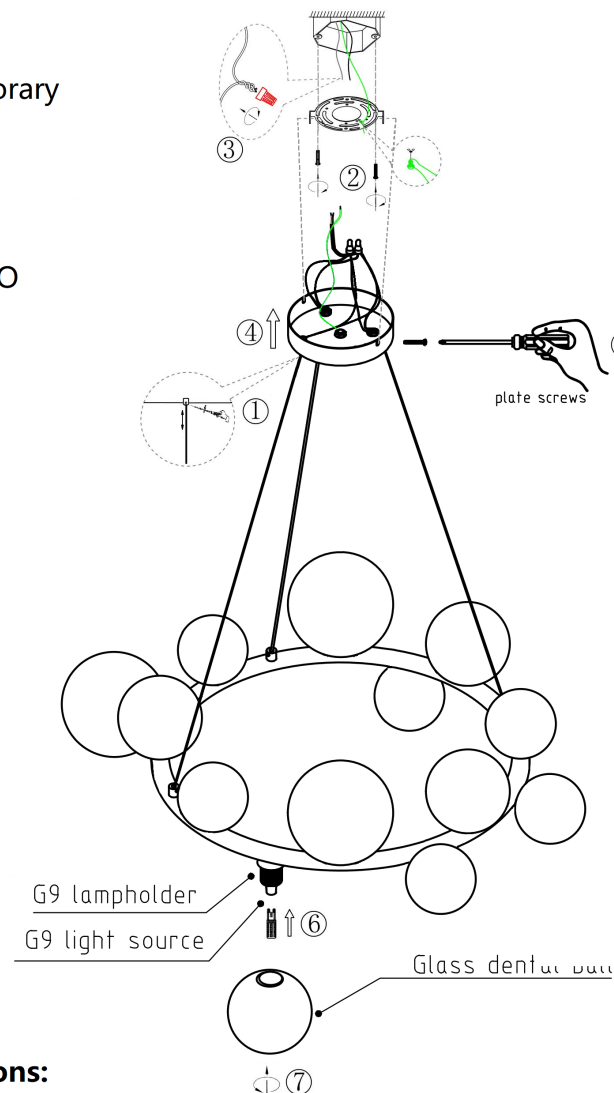

Wattage:25W

Package includes

1x Chandelier Light

1 x Accessories Kit

1 x User's Manual

Installation Instructions:

1. Adjust the length of the power cord and secure it with the plastic screw to ensure stability after adjustment.
2. Use the screws from the accessory pack to attach the mounting plate to the junction box.
3. Use wire nuts to connect the main wire on the ceiling panel to the existing wires in the ceiling: black for live wire L, white for neutral wire N, and bare copper wire for ground E.
4. Hang the entire metal box onto the mounting plate (align the holes on both sides of the metal box with the holes on the mounting plate).
5. Secure the entire metal box to the mounting plate with screws.
6. Screw the light bulb into the socket. (Bulb not included)
7. Screw the lampshade onto the lampshade cover to secure it. (Note: When installing, keep a certain distance between the large glass ball and the small glass ball)

Note: please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
