Assemble on a flat and solid surface.To avoid the unstable surface affecting the overall frame stability during installation.

Montieren Sie auf einer ebenen und festen Oberfläche.Um zu verhindern, dass eine unebene Oberfläche während der Montage die Gesamtrahmen-Stabilität beeinträchtigt.

Ensamblar en una superficie plana y sólida.Afin d'éviter que la surface inégale n'affecte la stabilité générale du cadre lors de l'installation.

Assemblare su una superficie piana e solida.Per evitare che una superficie irregolare influisca sulla stabilità complessiva della struttura durante l'installazione.

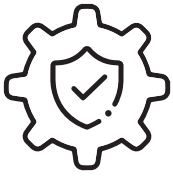

Assembler sur une surface plate et solide.Para evitar que la instalación en una superficie irregular afecte la estabilidad general del marco.

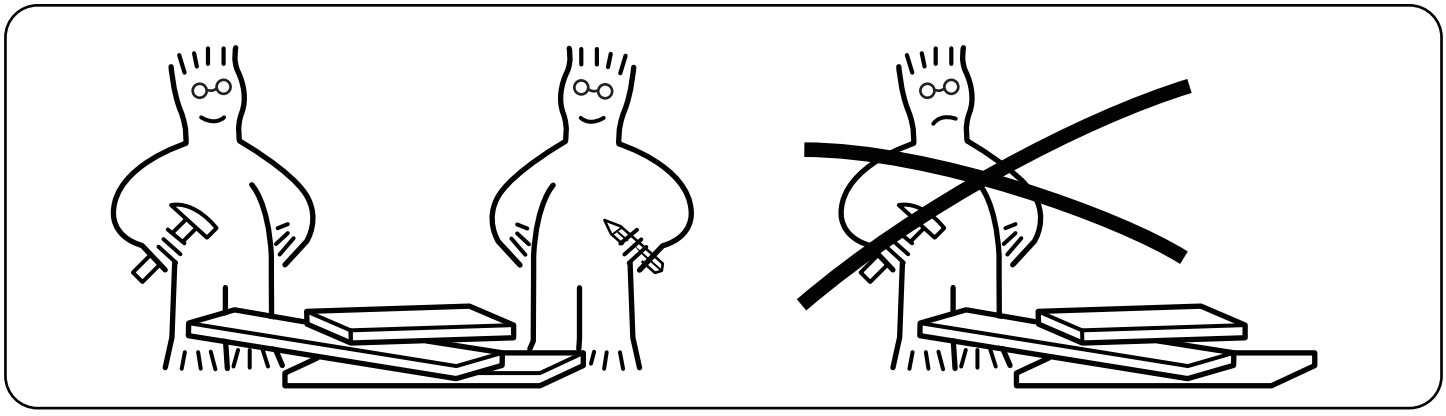

Professional installation is highly recommended.
Eine professionelle Installation wird dringend empfohlen.
Une installation professionnelle est fortement recommandée.
Si raccomanda vivamente l'installazione professionale.
Se recomienda altamente la instalación profesional.

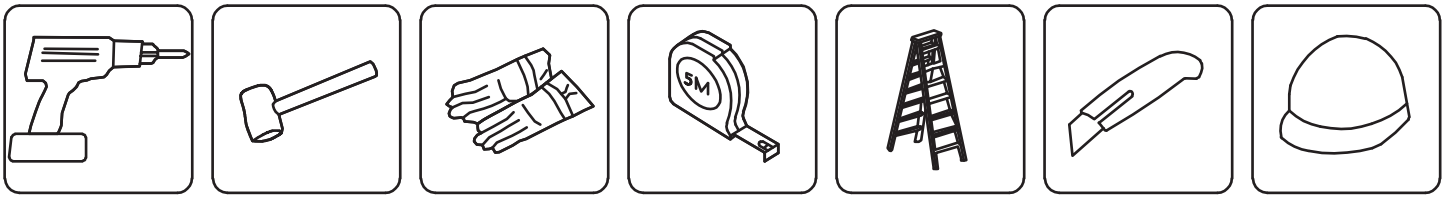

Periodically check that all components are tightly secured.
Überprüfen Sie Regelmäßig, Dass Alle Komponenten Fest Gesichert Sind.
Vérifiez Périodiquement Que Tous Les Composants Sont Bien Fixés.
Controllare Periodicamente Che Tutti I Componenti Siano Ben Fissati.
Verifique Periódicamente Que Todos Los Componentes Estén Bien Asegurados.

It is recommended that multiple people assemble this product.
Es wird empfohlen, dass mehrere Personen dieses Produkt zusammenbauen.
Il est recommandé que plusieurs personnes assemblent ce produit.
Si raccomanda che più persone assemblino questo prodotto.
Se recomienda que varias personas ensamblen este producto.

Please have the following auxiliary tools ready:
Bitte halten Sie folgende Hilfswerkzeuge bereit:
Veuillez préparer les outils auxiliaires suivants :
Si prega di avere pronti i seguenti strumenti ausiliari:
Por favor, tenga listas las siguientes herramientas auxiliares:

Wear protective gloves
Schutzhandschuhe tragen
Porter des gants de protection
Indossare i guanti di protezione
Usar guantes de protección

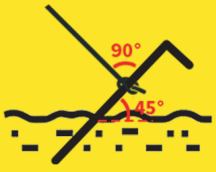

WARNING

Important Before Use:

Damage from improper installation or adverse weather use is the user's sole responsibility.

Do not use this tent in high winds, heavy snow, or inclement weather.

Do not insert L-shaped stakes vertically. For enhanced stability, drive stakes into the ground at a 45° angle.

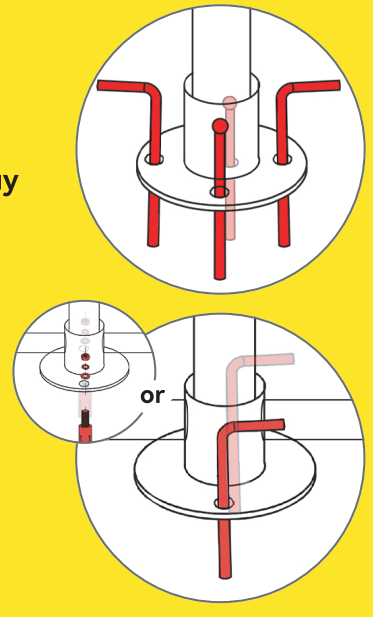

This tent is designed as a temporary structure. Do not leave unattended outdoors for extended periods or overnight.

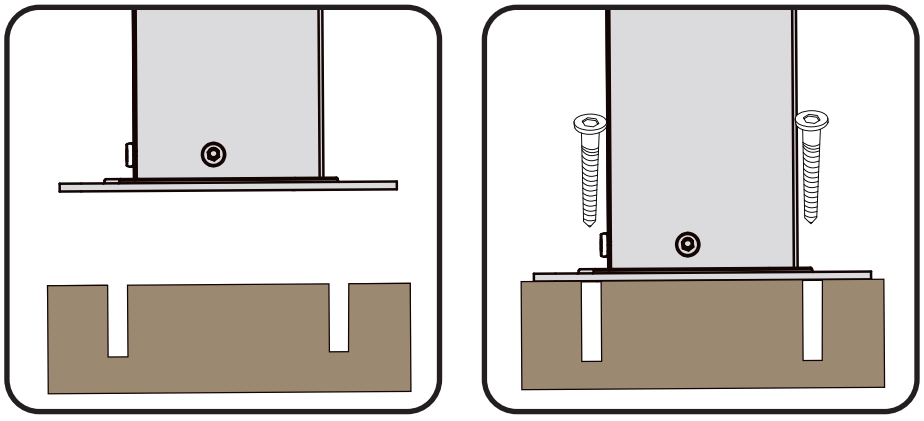

When the wind speed is high, ensure all doors are open and aligned with the wind direction to prevent the tent from being lifted or blown away.

Setup and Use Instructions:

1.Store tent in a climate-controlled area. Clear debris before setup/takedown; Avoid contact between fabric and sharp/hard objects.
2.Setup on flat ground, ≥1.8m away from obstacles. Secure with stakes and guy ropes to prevent collapse and hazards.
3.Ground nails for grass; expansion screws for hard surfaces (e.g. concrete). Do not mix.
4.Assemble poles per manufacturer's instructions; ensure tight connections—do not force assembly.
5.Inspect before use: confirm all fasteners are tightened; check for loose parts, uneven tension or safety risks.
6.Keep open flames/heat sources away—tent is not fire-resistant.
7.Implement regular maintenance; inspect stakes, ropes and structure for stability and safety.

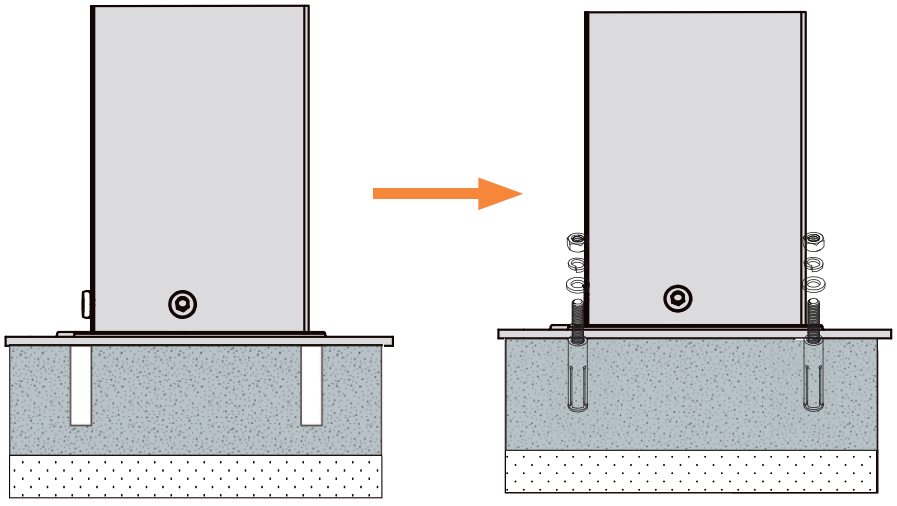

The following installation methods will provide better wind resistance performance, extend the product's lifespan, and help you maximize its value, delivering an even better user experience.

1

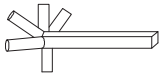

If the deck you are installing is made of hardwood and has a depth exceeding 40mm, you can use ST8*35mm screws to secure it in place. (This hardware is not included with the product, so you will need to purchase it separately.)

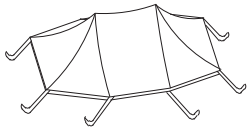

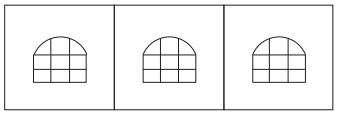

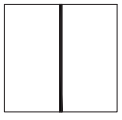

2

The best option is to fix it on a concrete surface. You can use the expansion bolts that are pre-configured with the product to secure it in place.

Be sure to complete this installation step to improve wind resistance.
If expansion screws or ground stakes are not installed, strong winds may topple the gazebo.
Expansion screws are for cement surfaces, and ground stakes are for grassy surfaces.
All fasteners are included in the accessories package.

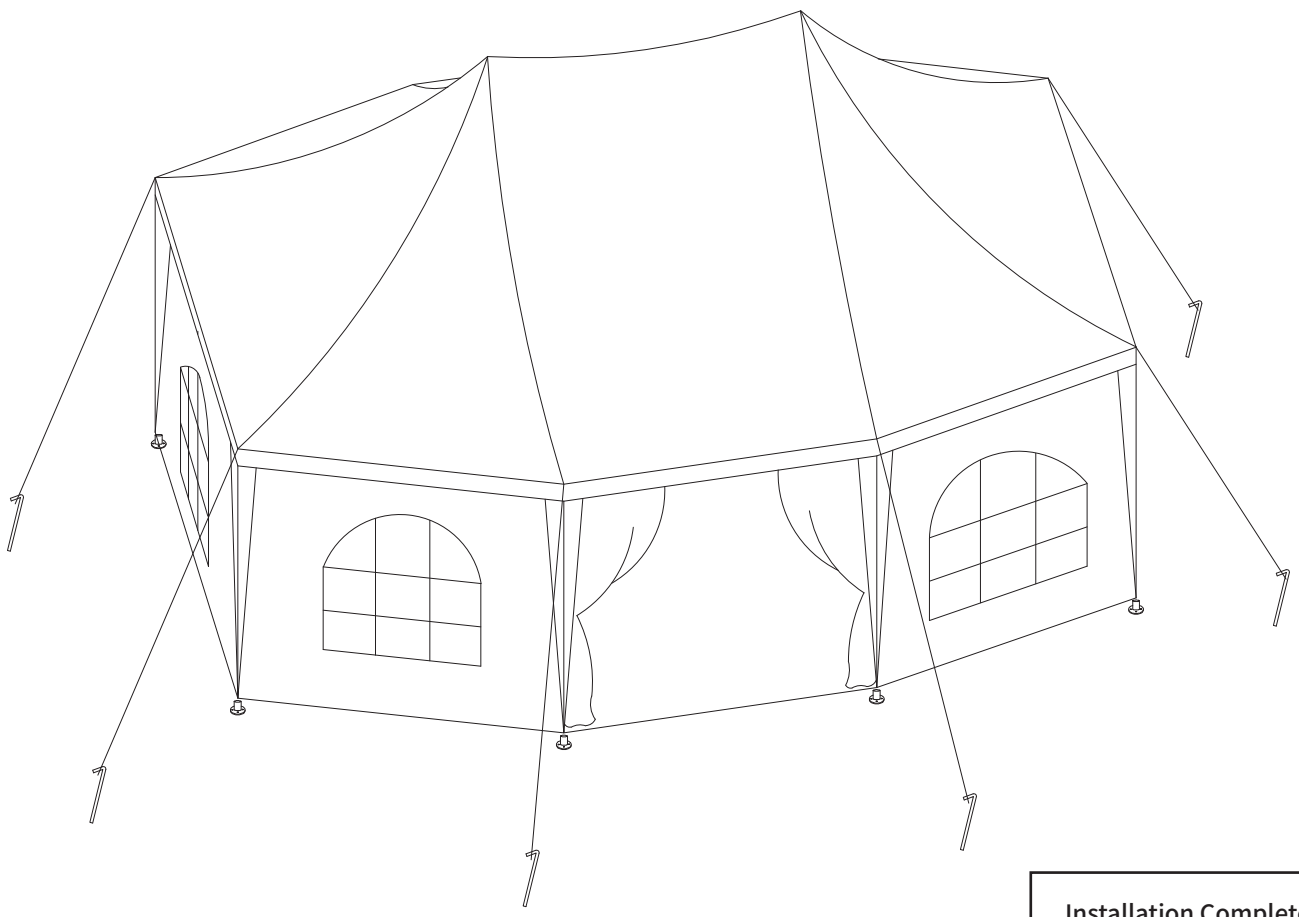

Stellen Sie sicher, dass Sie diesen Installationsschritt abschließen, um die Windbeständigkeit zu verbessern. Wenn Expansionsschrauben oder Erdanker nicht installiert sind, kann das Pavillon bei starkem Wind umkippen.
Expansionsschrauben werden auf Zementflächen verwendet,
Erdanker auf grasbewachsenen Flächen.
Alle Befestigungselemente sind im Zubehörpaket enthalten.

Assurez-vous de compléter cette étape d'installation pour améliorer la résistance au vent.
Si les vis d'expansion ou les piquets ne sont pas installés, le gazebo peut basculer sous des vents forts.
Les vis d'expansion sont utilisées pour les surfaces en ciment,
et les piquets pour les surfaces herbeuses.
Tous les fixations sont incluses dans le paquet d'accessoires.

Assicurarsi di completare questo passaggio di installazione per migliorare la resistenza al vento.
Se le viti di espansione o i picchetti non vengono installati, il gazebo potrebbe ribaltarsi con vento forte.
Le viti di espansione sono per superfici in cemento, i picchetti per superfici erbose.
Tutti i fissaggi sono inclusi nel pacchetto degli accessori.

Asegúrese de completar este paso de instalación para mejorar la resistencia al viento.
Si no se instalan los tornillos de expansión o las estacas, el gazebo puede volcarse con vientos fuertes.
Los tornillos de expansión se utilizan en superficies de cemento y las estacas en superficies con césped.
Todos los elementos de fijación están incluidos en el paquete de accesorios.
