Package List

A. Lamp x1

Assembling

- ① Take the upper and lower lamp posts and connect them accurately.
- ② Take matching screws and tighten and fix the upper and lower parts of the butted lamp post.
- ③ Align and fit the base with the screw hole below the lamp post accurately.
- ④ Take out the gasket from the accessory bag and align it with the screw holes of the lamp post and the base.
- ⑤ Take out the screw from the accessory bag and put it on the screw aligned with the hole.
- ⑥ Tighten the screws of the gasket with a screwdriver to complete the fixed connection between the lamp post and the base.
- ⑦ Take the bottom bracket in the accessory package and fix it at the upper position of the lampshade.
- ⑧ Take the middle shaft in the accessory package and fix it at the lower position of the lampshade.
- ⑨ Put the assembled lampshade on the top of the lamp post.
- ⑩ Attending to fine-tune the position of the lampshade, so that the central axis in the lampshade is aligned with the two screw holes reserved for the lamp post.
- ⑪ Take matching screws and align them with the screw holes of the central shaft and the lamp post.
